Talmud Bavli Vol 3 Shabbat II:

Almsgiving as the Essential Virtue Becky Walker, 2023-11-13 This book seeks to add to common representations in the scholarship on almsgiving in late antiquity concerning the remission of post baptismal sin efforts to reform society and competition between monks and bishops It demonstrates that John Chrysostom conceptualized almsgiving as not only expiating the sins of the rich relieving the suffering of the poor or securing power for its promoters but also expiating the sins of the poor unifying the members of his congregation and making humans like God Although it could indeed save one from eternal death and physical hunger it was salvific and transformative on other levels as well *Rabbinic Authority, Volume 3* A. Yehuda Warburg, 2018-02-05 In the third volume of his groundbreaking series on rabbinic authority in English Rabbi Warburg discusses the ramifications of a Jewish divorce In this well composed monograph Rabbi Warburg primarily focuses on the case of the modern day agunah a wife who is unable to get divorced due to her husband's recalcitrance He addresses the various techniques such as obligating the giving of a get Jewish divorce document finding relief for an agunah who signed an exploitative agreement and listing different avenues to void a marriage bitul kiddushin used by the rabbinical court This issue is of some controversy in the Jewish community and there is heated debate about it *The Components of the Rabbinic Documents: Mekhilta attributed to Rabbi Ishmael (3 pt.)* Jacob Neusner, 1997 **The Posen Library of Jewish Culture and Civilization, Volume 2** Carol Bakhos, 2025-09-09 An extensive collection of Jewish texts and visual artifacts representing the memory identity and culture of ancient Jewish life over nearly a thousand years Volume 2 of the Posen Library of Jewish Culture and Civilization covers Jewish life as it evolved in the first several centuries following the biblical period Jewish identity grew from its Israelite background and took on new dimensions shaped by cultural exchanges and interactions with surrounding civilizations including the Greek Roman Sasanian and Parthian Empires Shifts in Jewish culture during this long period include the rise of sectarianism the expansion of the concept of Torah the shift from Temple to synagogue the disappearance of the priesthood and the emergence of rabbis and the development of new forms of liturgy These years laid the groundwork for the rich tapestry of Jewish identity that would continue to evolve throughout history Providing a robust collection of written and visual primary resources Volume 2 affords an unmatched opportunity to discover the forms and movements of ancient Judaism and the institutions around which Jews centered their lives **The Components of the Rabbinic Documents: Sifré to Deuteronomy (3 pt.)** Jacob Neusner, 1997 *The Iranian Talmud* Shai Secunda, 2014 The Iranian Talmud reexamines the Babylonian Talmud one of Judaism's most central texts in the light of Persian literature and culture providing an unprecedented and accessible overview to the vibrant world of pre Islamic Iran that shaped the Bavli **The Cambridge History of Judaism: Volume 5, Jews in the Medieval Islamic World** Phillip I. Lieberman, 2021-09-02 Volume 5 examines the history of Judaism in the Islamic World from the rise of Islam in the early sixth century to the expulsion of Jews from Spain at the end of the fifteenth This period witnessed radical transformations both

within the Jewish community itself and in the broader contexts in which the Jews found themselves The rise of Islam had a decisive influence on Jews and Judaism as the conditions of daily life and elite culture shifted throughout the Islamicate world Islamic conquest and expansion affected the shape of the Jewish community as the center of gravity shifted west to the North African communities and long distance trading opportunities led to the establishment of trading diasporas and flourishing communities as far east as India By the end of our period many of the communities on the other side of the Mediterranean had come into their own while many of the Jewish communities in the Islamicate world had retreated from their high water mark

Three Questions of Formative Judaism Jacob Neusner, 2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise *Three Questions of Formative Judaism* encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner

challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details

For Out of Babylonia Shall Come Torah and the Word of the Lord from Nehar Pegod Barak S. Cohen,2017-05-08 In *For Out of Babylonia Shall Come Torah and the Word of the Lord from Nehar Pegod* Barak S Cohen reevaluates the evidence in Tannaitic and Amoraic literature of an independent Babylonian Mishnah which originated in the proto talmudic period The book focuses on an analysis of the most notable halakhic corpora that have been identified by scholars as originating in the Tannaitic period or at the outset of the amoraic If indeed such an early corpus did exist what are its characteristics and what if any connection does it have with the parallel Palestinian collections Was this Babylonian Mishnah created in order to harmonize the Palestinian Mishnah with a corpus of rabbinic teachings already existent in Babylonia Was this corpus one of the main contributors to the forced interpretations and resolutions found so frequently in the Bavli

Migrating Tales Richard Kalmin,2021-05-25 *Migrating Tales* situates the Babylonian Talmud or Bavli in its cultural context by reading several rich rabbinic stories against the background of Greek Syriac Arabic Persian and Mesopotamian literature of late antiquity and the early Middle Ages much of it Christian in origin In this nuanced work Richard Kalmin argues that non Jewish literature deriving from the eastern Roman provinces is a crucially important key to interpreting Babylonian rabbinic literature to a degree unimagined by earlier scholars Kalmin demonstrates the extent to which rabbinic Babylonia was part of the Mediterranean world of late antiquity and part of the

emerging but never fully realized cultural unity forming during this period in Palestine Syria Mesopotamia and western Persia Kalmin recognizes that the Bavli contains remarkable diversity incorporating motifs derived from the cultures of contemporaneous religious and social groups Looking closely at the intimate relationship between narratives of the Bavli and of the Christian Roman Empire Migrating Tales brings the history of Judaism and Jewish culture into the ambit of the ancient world as a whole

How Do We Know This? Jay M. Harris, 2012-02-01 This book is a study of rabbinic legal interpretation midrash in Judaism's rabbinic medieval and modern periods It shows how the rise of Reform Conservative and Orthodox Judaism in the modern period is tied to distinct attitudes toward the classical Jewish heritage and specifically toward rabbinic midrash halakah What has gone unnoticed until now is the extent to which the fragmentation of modern Judaism is related to the interpretative foundations of classical Judaism As this book demonstrates spokespersons for any form of Judaism that engaged modernity on any level had to explain the basis for their rejection or continued acceptance of the authority of rabbinically developed law Inevitably and invariably this need led them to address anew what were long standing questions regarding the ancient interpretations of biblical law Were they compelling Were they reasonable Were they still relevant Each form of Judaism fashioned its own response to these challenges and each argued forcefully against the responses of the other denominations Jay M Harris describes the fragmentation of modern Judaism in terms of each denomination's relationship to classical Judaism's system of interpretation in part two of this book

Rewriting the Talmud Marcus Mordecai Schwartz, 2019-07-05 In this study Marcus Mordecai Schwartz argues that there were two distinct periods in which traditions from Rabbinic Palestine exerted their influence upon extended passages of B Rosh Hashanah This doubling of influence resulted in a Babylonian born text with two distinct Palestinian ancestries

This oddly mixed parentage was responsible for Bavli texts that both resemble synoptic passages in the Yerushalmi and differ from them in substantial ways. The main project of this book is to trace the dynamics of this doubled Palestinian influence and to account for the mark it left on passages of B Rosh Hashanah. *After Ezekiel* Paul M. Joyce, Andrew Mein, Claudia V. Camp, 2014-03-13. Essays on the reception history of the book of Ezekiel arising from the work of the SBL section. Theological Perspectives on the Book of Ezekiel. **The Talmud's Red Fence** Shai Secunda, 2020-06-16. The Talmud's Red Fence explores how rituals and beliefs concerning menstruation in the Babylonian Talmud and neighboring Sasanian religious texts were animated by difference and differentiation. It argues that the practice and development of menstrual rituals in Babylonian Judaism was a product of the religious terrain of the Sasanian Empire where groups like Syriac Christians, Mandaean Zoroastrians, and Jews defined themselves in part based on how they approached menstrual impurity. It demonstrates that menstruation was highly charged in Babylonian Judaism and Sasanian Zoroastrianism where menstrual discharge was conceived of as highly productive female seed yet at the same time as stemming from either primordial sin (Eve eating from the tree) or evil (Ahriman's kiss). It argues that competition between rabbis and Zoroastrians concerning menstrual purity put pressure on the Talmudic system for instance in the unusual development of an expert diagnostic system of discharges. It shows how Babylonian rabbis seriously considered removing women from the home during the menstrual period as Mandaean and Zoroastrians did yet in the end deemed this possibility too heretical. Finally, it examines three cases of Babylonian Jewish women initiating menstrual practices that carved out autonomous female space. One of these, the extension of menstrual impurity beyond the biblically mandated seven days, is paralleled in both Zoroastrian Middle Persian and Mandaic texts. Ultimately, Talmudic menstrual purity is shown to be driven by difference in its binary structure of pure and impure in gendered terms on a social axis between Jews and Sasanian non-Jewish communities and textually in the way the Palestinian and Babylonian Talmuds took shape in late antiquity. **The Talmud Yerushalmi and Graeco-Roman Culture** Peter Schäfer, Catherine Hezser, 1998. This volume focuses on a wide range of topics such as gender studies, aspects of everyday life, Roman festivals, magic, etc., hereby reflecting on the methodological problems inherent in intercultural studies. *Torah in the Mouth* Martin S. Jaffee, 2001. Through analysis of the evidence, Martin Jaffee shows that the Rabbinic tradition as we have it in the present developed through a mutual interpretation of oral and written modes but that the oral tradition always takes precedence.
