

KX-W282 Auto Reverse Double Cassette Deck

Everything You Need for Total Tape Enjoyment

The KX-W282 utilizes Yamaha's high performance mechanism and tape head, and also offers a variety of double deck convenience features. In addition to a choice of tape dubbing speeds, you have the long-play options of Reverse, Repeat, and Relay Play.

Low-Distortion GF Head

The Yamaha GF Rec-Playback Head is a carefully formulated combination of materials providing excellent electromagnetic characteristics and high resistance to abrasion. It ensures low distortion and outstanding frequency response in both record and play modes.

Dolby B/C Noise Reduction

To cut background tape hiss to an absolute minimum, both Dolby B and C Noise Reduction Systems are included on the KX-W282. Dolby B NR ensures compatibility with prerecorded tapes and other tapes not recorded on a Dolby C deck. Dolby C NR lets you make recordings with even lower noise levels, for best possible sound quality.

Two Speed Dubbing

The ability to copy tapes for use in your car or portable deck is one of

the outstanding advantages of a double deck. The KX-W282 allows you to accomplish this two ways. If you want to listen to the tape as you dub it, use Normal speed. And if you want to finish the job quickly, a High speed mode is provided.

Auto Rec Mute

This function mutes the sound and inserts a four-second blank space on the tape while you are recording. This is useful to cut out unwanted material, and for inserting the blank spaces necessary for the Auto Search function to operate.

Rec Return

If you make a mistake while recording, the Rec Return function allows you to rewind the tape to the exact point where the recording began. You can then correct the problem or make any necessary adjustments, then restart the recording from the

same point.

Music Search

Music Search takes the trouble out of finding a specific selection on the tape. When you press the Search button and the fast forward or rewind button together, the tape will wind to the beginning of the next selection or back to the start of the current selection. Simply repeat the process to search through the tape.

Other Notable Features

- CD-Tape Synchro Rec Start
- Microcomputer-Controlled Full Logic Operation
- Single Relay/Reverse Relay/Repeat Relay
- Auto Tape Selector
- XL-AV (Extra-Large, Anti-Vibration) Feet
- Recording Level Control
- 2-Color 6-Segment Peak Level Meter
- Optional Remote Control Unit (RS-KX1)
- Yamaha System Remote Control Compatibility

CD-Tape Synchro Rec Start (All models)

Instead of having to push two buttons simultaneously to begin recording a CD, you simply press the Synchro button on the CD player's remote control, then the Play button on the same remote. The deck begins recording and after a brief pause, the CD player begins playing.

(Phone: Yamaha CD Player Remote Control. Applicable CD Players: CDC-845, CDC-745, CDC-645 and CDX-480.)

Playback Noise Level
(Type S, Dolby NR, ORB, NR/C, NR)

You have a choice of Dolby B or C noise reduction systems, both of which greatly reduce tape hiss for dramatically improved signal-to-noise characteristics.

RS-KX1 Remote Control Unit (Optional)

The RS-KX1 is optionally available for use with any of the five decks in this catalog. It commands all major functions for control-at-a-distance convenience. (Button functions vary according to model.)
