Third Edition (Covers iPhone 3GS, iPhone 3G, and iPod Touch) Scott Kelby, Terry White, 2009-09-25 If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 3G or 3GS, you've found it. There are basically two types of iPhone books out there: 1. The "tell me all about it" kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. 2. Then there's this book, which instead is a "show me how to do it" book that skips all the confusing techno-jargon and just tells you in plain, simple English exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller *The iPod Book*, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself: simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large, full-color photo on each page so you can see exactly how it works. The first edition of this book was named Best Computer Book of 2007, and since then Scott and Terry added even more tips and more tricks and made it even easier by focusing on just the most useful and most requested iPhone 3G and 3GS features, so you can start really using your iPhone today. *The Joyful*

Environmentalist (Revised and Updated 2nd Edition with New Material) Isabel Losada, 2025-04-08 Fully updated and revised edition of Isabel Losada's highly endorsed feel-good guide to how we all need to live now and how it will enrich our lives. Accessible, funny, and practical steps to saving the planet that will encourage readers to take action. Finally, a book about saving our planet that is fast, funny, and inspiring too. Written in short chapters for busy people, Isabel doesn't bother with an examination of the problem but gets right on with the solutions. Her aim is to look for every single way we can take care of the planet: how we live and work, travel, shop, eat, drink, dress, vote, play, volunteer, bank, everything. And to do this wholeheartedly, energetically, and joyfully. Beginning with losing her cool in a restaurant that will only provide plastic cutlery, Isabel journeys through native tree planting in the Highlands of Scotland, playing Samba drums with Extinction Rebellion, interviewing in person the people that supply her energy and food, through every solution she can find until both narrator and reader are fully equipped to be part of the pollution solution. She gave my spirit a lift and my feet somewhere to stand. Sir Mark Rylance
