Gumbo Life Ken Wells, 2019-02-26 A sprightly deeply personal narrative about how gumbo for 250 years a Cajun and Creole secret has become one of the world's most beloved dishes Ask any self-respecting Louisianan who makes the best gumbo and the answer is universal Momma The product of a melting pot of culinary influences gumbo in fact reflects the diversity of the people who cooked it up French aristocrats West Africans in bondage Cajun refugees German settlers Native Americans all had a hand in the pot What is it about gumbo that continues to delight and nourish so many And what explains its spread around the world A seasoned journalist Ken Wells sleuths out the answers His obsession goes back to his childhood in the Cajun bastion of Bayou Black where his French speaking mother's gumbo often began with a chicken chased down in the yard Back then gumbo was a humble soup little known beyond the boundaries of Louisiana So when a homesick young Ken at college in Missouri realized there wasn't a restaurant that could satisfy his gumbo cravings he called his momma for the recipe That phone taught gumbo was a disaster The second cooked at his mother's side fueled a lifelong quest to explore gumbo's roots and mysteries In *Gumbo Life Tales from the Roux Bayou* Wells does just that He spends time with octogenarian chefs who turn the lowly coot into gourmet gumbo joins a team at a highly competitive gumbo contest visits a factory that churns out gumbo by the ton observes the gumbo making rituals of an iconic New Orleans restaurant where high end Creole cooking and Cajun cuisine first merged *Gumbo Life* rendered in Wells affable prose makes clear that gumbo is more than simply a delicious dish it's an attitude a way of seeing the world For all who read its pages this is a tasty culinary memoir to be enjoyed and shared like a simmering pot of gumbo

editors often a mix of trained journalist and home economist reported on everything from nutrition news to features on the new chef in town They wrote recipes and solicited ideas from readers The sections reflected the trends of the time and the cooks of the community The editors were local celebrities judging cooking contests and getting calls at home about how to prepare a Thanksgiving turkey They were consumer advocates and reporters for food safety and nutrition They helped make James Beard and Julia Child household names as the editors wrote about their television appearances and reviewed their cookbooks These food editors laid the foundation for the food community that Nora Ephron described in her classic 1968 essay The Food Establishment and eventually led to the food communities of today Included in the chapters are profiles of such food editors as Jane Nickerson Jeanne Voltz and Ruth Ellen Church who were unheralded pioneers in the field as well as Cecily Brownstone Poppy Cannon and Clementine Paddleford who are well known today an analysis of their work demonstrates changes in the country s culinary history The book concludes with a look at how the women s pages folded at the same time that home economics saw its field transformed and with thoughts about the foundation that these women laid for the food journalism of today

The High-Beta Rich Robert Frank, 2011-11-01 The rich are not only getting richer they are becoming more dangerous Starting in the early 1980s the top one percent 1% broke away from the rest of us to become the most unstable force in the economy An elite that had once been the flat line on the American income charts models of financial propriety suddenly set off on a wild ride of economic binges Not only do they control more than a third of the country s wealth their increasing vulnerability to the booms and busts of the stock market wreak havoc on our consumer economy financial markets communities employment opportunities and government finances Robert Frank s insightful analysis provides the disturbing big picture of high beta wealth His vivid storytelling brings you inside the mortgaged mansions blown up balance sheets repossessed Bentleys and Gulfstreams and wrecked lives and relationships How one couple frittered away a fortune trying to build America s biggest house 90 000 square feet with 23 full bathrooms a 6 000 square foot master suite with a bed on a rotating platform only to be forced to put it on the market because we really need the money Repo men who are now the scavengers of the wealthy picking up private jets helicopters yachts and racehorses the shiny remains of a decade of conspicuous consumption financed with debt asset bubbles liquidity events and soaring stock prices How big money ruins everything for communities such as Aspen Colorado whose over reliance on the rich created a stratified social scene of velvet ropes and A lists and crises in employment opportunities housing and tax revenues Why California s worst budget crisis in history is due in large part to reliance on the volatile incomes of the state s tech tycoons The bitter divorce of a couple who just a few years ago made the Forbes 400 list of the richest people the firing of their enormous household staff of 110 and how one former spouse learned the marvels of shopping at Marshalls filling your own gas tank and flying commercial Robert Frank s stories and analysis brilliantly show that the emergence of the high beta rich is not just a high class problem for the rich High beta wealth has national consequences America s dependence on the

rich great volatility among the rich a more volatile America Cycles of wealth are now much faster and more extreme The rich are a new Potemkin Plutocracy and the important lessons and consequences are brought to light of day in this engrossing book high beta rich hi be ta rich 1 a newly discovered personality type of the America upper class prone to wild swings in wealth 2 the winners and occasional losers in an economy that creates wealth from financial markets asset bubbles and deals 3 derived from the Wall Street term high beta meaning highly volatile or prone to booms and busts 4 an elite that s capable of wreaking havoc on communities jobs government finances and the consumer economy 5 a new Potemkin plutocracy that hides a mountain of debt behind the image of success and is one crisis away from losing their mansions private jets and yachts *A.D.
