This is the chapter slice Extreme Weather from the full lesson plan Climate Change Effects. Students gain an understanding of the effects of climate change on the environment and human life. Our resource explores how the evolution of human society is affected by the climate. Start by going back in time and exploring the ice ages from Earth's past. Learn about the lives of early humans and how climate has affected where they move and live. Observe a homemade melting ice sheet to understand its effect on sea level. Then create a model to show rising sea level in action. Find out if climate change has any effect on the rise of extreme weather experienced in recent years. Learn about the dangers to human health such as mosquitoes, heat stroke, and pollution. See how changes in climate affect an area's economy by virtually destroying the farming industry. Finally, choose one ecosystem and find out how climate change is affecting it. Written to Bloom's Taxonomy and STEAM initiatives. Additional hands-on activities, crossword, word search, comprehension quiz, and answer key are also included. **Progress-Monitoring Comprehension**

Literacy, Grades K-6 Douglas Fisher, Nancy Frey, Nancy Akhavan, 2019-08-26. This is Balanced Literacy Grades K-6. Students learn to read and write best when their teachers balance literacy instruction. But how do you strike the right balance of skills and knowledge, reading and writing, small and whole group instruction, and direct and dialogic instruction so that all students can learn to their maximum potential? The answer lies in the intentional design of learning activities, purposeful selection of instructional materials, evidence-based teaching methods, and in strategic groupings of students based on assessment data. Together, these create the perfect balance of high-impact learning experiences that engage and excite learners. In this hands-on essential guide, best-selling authors Douglas Fisher, Nancy Frey, and Nancy Akhavan help you define that balance for your students, lighting the path to implementing balanced literacy in your classroom. Their plan empowers you to integrate evidence-based approaches that include instructional materials comprised of both informational and narrative texts. The best uses of instructional delivery modes including direct and dialogic instruction. Grouping patterns that work best to accomplish learning aims for different learners at different stages. Instruction in foundational skills and meaning-making including oral language, phonemic awareness, phonics, fluency, vocabulary, comprehension, and writing. Technology used as a tool for

increasing learning of a specific literary process All the tips and tools you need to realize the goal of balanced literacy learning are included with classroom videos that show strategies in action Tap your intuition collaborate with your peers and put the research based strategies embedded in this roadmap to work in your classroom to implement or deepen a strong successful balanced literacy program Grow as a reading and writing teacher while leading your students to grow as readers and writers
