Medieval Literature 700 1450 *The Colours of Love* Dragan Cvetkovic Kaspar,2022-10-31 *The Colours of Love* is a real life testimony on how a life should be lived and how it should not. It recounts my love for my parents, love for a woman that I loved more than my life, love for my daughter, friends, love for the countries where I lived. Love, crime, and science fiction like experience triggered by delusions and hallucinations are interwoven in this narrative of life. I wrote this book when I was 55 years old as a culmination of my life. It recounts my utmost remorse for the things that I did but I should not have done and for things that I did not do but I should have done. The consequences of my decisions resulted in extraordinary loss of property, physical and intellectual. I lost my share in five houses and one apartment. I lost my profession, my wife, my daughter, my social status, and freedom. None of this was my desire. Why did this happen to me? I had all prerequisites to live a successful and wealthy life. My father was a medical doctor, my mother was a piano teacher, I was a medical doctor, my wife was a medical doctor. I had permanent residency permits in two countries, Sweden and Australia. However, I ended up in prison with almost nothing. The book is written for adolescents who are just about to face challenges of their lives. It is also aimed at adults as a mirror of how good or bad their lives are compared to a non-standard life. [The Facts on File Companion to British Poetry Before 1600](#) Michelle M. Sauer,2008 Some of the most important authors in British poetry left their mark on literature before 1600 including Geoffrey Chaucer, Edmund Spenser, and of course William Shakespeare. *The Facts On File Companion to British Poetry before 1600* is an encyclopedic guide to British poetry from the beginnings to the year 1600, featuring approximately 600 entries ranging in length from 300 to 2,500 words. *Romania ,1971* [In Love with Freedom](#) Steven E. Aavang,2011 Based upon her own words, this is the story of a unique individual whose deep love for her native country was overshadowed only by her compelling love for freedom. Born with a pedigree of royalty reaching back to the Byzantine Empire and riches comparable to the American Rockefellers, this princess seemed destined to a life of pampered luxury and perhaps a noble charity. Life, however, doesn't always follow the script, especially someone with Catherine's character. *In Love With Freedom* is a sweeping story of one woman's remarkable lifetime of triumph and tragedy in the kaleidoscope of the twentieth century. The story begins with a toddler snatched from her mother's bosom by her evil father and hidden for thirteen years in a series of orphanages, a pawn in a high stakes game of ransom and revenge. The plucky, fearless, and resourceful child at last escapes and crosses Europe, eventually arriving in Romania on the Orient Express and is declared a princess, but that is only the beginning of her journey. Catherine learns to be a princess, wife, and mother through World War I, the Depression, and epidemics. Yet it is World War II that is her defining moment. Learn how this woman of less than five feet of stature stands up to the despicable Gestapo and the mighty Nazi Armies, earns the moniker the Angel of Ploesti from the 1400 American POWs that are torn from the angry skies of Hitler's most heavily protected resource, Romania's oil fields, and then survives the starvation pogroms and death of the Soviet liberation of Eastern Europe. What can she do to escape the barbarism? What can she do to help her country and all those oppressed by the

regional and comparative analysis of the history of the sixty eighters from Hungary and Romania between 1956 and 1975 The aim of the book is to answer to the following research question to what extent does the long 1968 mark and change protest history Another axis of my research equally important is how can one genuinely distinguish between a protest an opposition and a pastime Where did radicalisation truly begin and when was it solely an auto perception as a dissident In other words how can one truly distinguish between a leisure activity like listening to Radio Free Europe or exploring an altered state of consciousness and an explicit political activity like organising a protest or writing subversive texts Among other aims the books s scope is to understand where a leisure activity ends and a protest starts By practicing counterculture did the youth wish to contest the system or simply express themselves As method oral history plays a crucial part On a superficial level the interviews helped to fill in the archival gap However oral testimonies proved to reveal much more than essential factual information Oral history clarified how political and social events influenced the subjects memory formation
