Writing as Punishment in Schools, Courts, and Everyday Life Spencer Schaffner, 2019-06-11. A probing and prescient consideration of writing as an instrument of punishment. Writing tends to be characterized as a positive aspect of literacy that helps us to express our thoughts, to foster interpersonal communication, and to archive ideas. However, there is a vast array of evidence that emphasizes the counterbelief that writing has the power to punish, shame, humiliate, control, dehumanize, fetishize, and transform those who are subjected to it. In *Writing as Punishment in Schools, Courts, and Everyday Life*, Spencer Schaffner looks at many instances of writing as punishment, including forced tattooing, drunk shaming, court-ordered letters of apology, and social media shaming, with the aim of bringing understanding and recognition to the coupling of literacy and subjection. *Writing as Punishment in Schools, Courts, and Everyday Life* is a fascinating inquiry into how sinister writing can truly be and directly questions the educational ideal that powerful writing is invariably a public good. While Schaffner does look at the darker side of writing, he neither vilifies nor supports the practice of writing as punishment. Rather, he investigates the question with humanistic inquiry and focuses on what can be learned from understanding the many strange ways that

writing as punishment is used to accomplish fundamental objectives in everyday life Through five succinct case studies we meet teachers judges parents sex traffickers and drunken partiers who have turned to writing because of its presumed power over writers and readers Schaffner provides careful analysis of familiar punishments such as schoolchildren copying lines and more bizarre public rituals that result in ink covered bodies and individuals forced to hold signs in public Schaffner argues that writing based punishment should not be dismissed as benign or condemned as a misguided perversion of writing but instead should be understood as an instrument capable of furthering both the aims of justice and degradation
