Too Hot To Sleep:

Sleep Hacked Claire Donnelly, 2025-07-15 You're doing everything right but you still wake up tired. It's time to hack your sleep. *Sleep Hacked* is not another generic book telling you to avoid screens or drink chamomile tea. Instead, Dr. Alex Thorne, a leading voice in biohacking and human optimization, delivers a precision-based blueprint for transforming your rest into your ultimate performance enhancer. Through a science-backed, personalized protocol, you'll uncover how to fine-tune your sleep environment, leverage your chronotype, hack your hormones, balance blood sugar, and eliminate sleep disruptors once and for all. This comprehensive, cutting-edge guide teaches you to decode your unique sleep architecture and identify key disruptors. Implement the blue light blockade and master light timing. Optimize your sleep sanctuary: temperature, air quality, sound, and more. Use food supplements and technology to align your biology. Quiet a racing mind with breathwork, mindfulness, and journaling. Build a custom sleep stack based on data, not guesswork. Whether you're a high-achieving professional athlete or health-conscious biohacker, *Sleep Hacked* will empower you to reclaim your nights and supercharge your days starting tonight.

The Jew, and Other Poems Frank Newell Atkin, 1913 **The Art of Rest** Claudia Hammond, 2019-11-21
Shortlisted for the British Psychological Society Book Award for Popular Science. Much of value has been written about sleep, but rest is different: it is how we unwind, calm our minds, and recharge our bodies. *The Art of Rest* draws on ground-breaking research. Claudia Hammond collaborated on The Rest Test, the largest global survey into rest ever undertaken, completed by 18,000 people across 135 different countries. The survey revealed how people get rest and how it is directly linked to your sense of wellbeing. Counting down through the top ten activities which people find most restful, Hammond explains why rest matters, examines the science behind the results to establish what really works, and offers a roadmap for a new, more restful and balanced life.

Baby sleep, please! Julie J Williams, 2012 **Bullseye** Robert Deeter, 2009
In his book *Bullseye Journal* of a Black Hawk pilot, Deeter takes his readers on a trip to the middle east and gives them a first-hand look at the life of an Army Helicopter Pilot in the war in Iraq. From the scorching temperatures to the grueling pace of combat, his journal entries paint an accurate picture for the reader of the day-to-day life of a Black Hawk pilot in the Iraq war. His story of his deployment to Iraq provides not only an up-close look at the war but also a view of the struggles deployed soldiers endure both on the battlefield and upon returning home.

Wild Life Keena Roberts, 2019-11-12
Don't Let's Go to the Dogs Tonight

meets Mean Girls in this funny insightful fish out of water memoir about a young girl coming of age half in a baboon camp in Botswana half in a ritzy Philadelphia suburb Keena Roberts split her adolescence between the wilds of an island camp in Botswana and the even more treacherous halls of an elite Philadelphia private school In Africa she slept in a tent cooked over a campfire and lived each day alongside the baboon colony her parents were studying She could wield a spear as easily as a pencil and it wasn't unusual to be chased by lions or elephants on any given day But for the months of the year when her family lived in the United States this brave kid from the bush was cowed by the far more treacherous landscape of the preppy private school social hierarchy Most girls Keena's age didn't spend their days changing truck tires baking their own bread or running from elephants as they tried to do their schoolwork They also didn't carve bird whistles from palm nuts or nearly knock themselves unconscious trying to make homemade palm wine But Keena's parents were famous primatologists who shuttled her and her sister between Philadelphia and Botswana every six months Dreamer reader and adventurer she was always far more comfortable avoiding lions and hippopotamuses than she was dealing with spoiled middle school field hockey players In Keena's funny tender memoir Wild Life Africa bleeds into America and vice versa each culture amplifying the other By turns heartbreaking and hilarious Wild Life is ultimately the story of a daring but sensitive young girl desperately trying to figure out if there's any place where she truly fits in
