Power, Discourse and Victimhood Ritual in the War on Terror Michael Blain, 2016-04-08 Blending concepts from dramatism such as victimhood ritual with Foucault's approach to modern power and knowledge regimes this book presents a novel and illuminating perspective on political power and domination resulting from the global war on terrorism With attention to media sources and political discourse within the context of the global war on terror the author draws attention to the manner in which power elites construct scapegoats by way of a victimhood ritual thus providing themselves with a political pretext for extending their power and authority over new territories and populations as well as legitimating an intensification of domestic surveillance and social control A compelling analysis of ritual rhetoric and political violence Power Discourse and Victimhood Ritual in the War on Terror will be of interest to sociologists political theorists and scholars of media and communication concerned with questions of surveillance and social control political communication hegemony foreign policy and the war on terror

Malatesta, 2015-03-15 With the timely reprinting of this selection of Malatesta's writings first published in 1965 by Freedom Press the full range of this great anarchist activist's ideas are once again in circulation Life and Ideas gathers excerpts from Malatesta's writings over a lifetime of revolutionary activity The editor Vernon Richards has translated hundreds of articles by Malatesta taken from the journals Malatesta either edited himself or contributed to from the earliest *L'En Dehors* of 1892 through to *Pensiero e Volontà* which was forced to close by Mussolini's fascists in 1926 and the bilingual *Il Risveglio* *Le Réveil* which published most of his writings after that date These articles have been pruned down to their essentials and collected under subheadings ranging from Ends and Means to Anarchist Propaganda Through the selections Malatesta's classical anarchism emerges a revolutionary nonpacifist nonreformist vision informed by decades of engagement in struggle and study In addition there is a short biographical piece and an essay by the editor *Startling Figures* Michael O'Connell, 2023-08-01 *Startling Figures* is about Catholic fiction in a secular age and the rhetorical strategies Catholic writers employ to reach a skeptical indifferent or even hostile audience Although characters in contemporary Catholic fiction frequently struggle with doubt and fear these works retain a belief in the possibility for transcendent meaning and value beyond the limits of the purely secular Individual chapters include close readings of some of the best works of contemporary American Catholic fiction which shed light on the narrative techniques that Catholic writers use to point their characters and their readers beyond the horizon of secularity and toward an idea of transcendence while also making connections between the widely acknowledged twentieth century masters of the form and their twenty-first century counterparts This book is focused both on the aspects of craft that Catholic writers employ to shape the reader's experience of the story and on the effect the story has on the reader One recurring theme that is central to both is how often Catholic writers use narrative violence and other similar disorienting techniques in order to unsettle the reader These moments can leave both characters within the stories

and the readers themselves shaken and unmoored and this O Connell argues is often a first step toward the recognition and even possibly the acceptance of grace Individual chapters look at these themes in the works of Flannery O Connor J F Powers Walker Percy Tim Gautreaux Alice McDermott George Saunders and Phil Klay and Kirstin Valdez Quade *All of Us Atoms* Holly Dawson,2025-05-08 You tell me we are made of seven billion billion billion atoms I can feel every one of them as I write this all down It s a rush to feel that like falling in love Remembering is like falling in love with you with us again and again What makes us who we are What stories do we inherit and leave behind Faced with the prospect of losing her memory a writer revisits the moments that changed her from childhood to motherhood loss and ill health Through shifting pronouns and perspectives moving across place and time each piece twists the kaleidoscope of existence to make sense of the present through the past From the opening battle between her brain and her body a conversation emerges between her collection of selves the Daughter the Sister the Dancer the Gardener the Mother the Girl Who Read Woolf Reliving her journey of becoming she unpicks the fabric of fact and experience to stitch a new tapestry of personhood both real and imaginary mundane and profound All of Us Atoms offers a tender portrait of the tension between our drive to make sense of things and the freedom that comes from throwing categories away It heralds the arrival of a major new literary voice urging us to reframe and reclaim our own stories and revel in our mutable messy multitudinous selves **Reducing Risks for Mental**
