Competence to Consent Becky Cox White, 1994-09-16 Free and informed consent is one of the most widespread and morally important practices of modern health care competence to consent is its cornerstone In this book Becky Cox White provides a concise introduction to the key practical philosophical and moral issues involved in competence to consent The goals of informed consent respect for patient autonomy and provision of beneficent care cannot be met without a competent patient Thus determining a patient's competence is the critical first step to informed consent Determining competence depends on defining it yet surprisingly no widely accepted definition of competence exists White identifies nine capacities that patients must exhibit to be competent She approaches the problem from the task oriented nature of decision making and focuses on the problems of defining competence within clinical practice Her proposed definition is based on understanding competence as occurring in a special rather than a general context as occurring in degrees rather than at a precise threshold as independent of consequential appeals and as incorporating affective as well as cognitive capacities Combining both an ethical overview and practical guidelines this book will be of value to health care professionals bioethicists and lawyers

Psychology Friedrich August Rauch, 1844 **The Cambridge History of Philosophy in the Nineteenth Century (1790-1870)** Allen W. Wood, Songsuk Susan Hahn, 2012-09-10 The latest volume in the Cambridge Histories of Philosophy series The Cambridge History of Philosophy in the Nineteenth Century 1790 1870 brings together twenty nine leading experts in the field and covers the years 1790 1870 Their twenty eight chapters provide a comprehensive survey of the period organizing the material topically After a brief editor's introduction the book begins with three chapters surveying the background of nineteenth century philosophy followed by two on logic and mathematics two on nature and natural science five on mind and language including psychology the human sciences and aesthetics four on ethics three on religion seven on society including chapters on the French Revolution the decline of natural right political economy and social discontent and three on history which deal with historical method speculative theories of history and the history of philosophy *The Dog Fancier*, 1924 **The Naked And The Undead** Cynthia Freeland, 2018-03-05 Horror is often dismissed as mass art or lowbrow entertainment that produces only short term thrills Horror films can be bloody gory and disturbing so some people argue that they have bad moral effects inciting viewers to imitate cinematic violence or desensitizing them to atrocities In *The Naked and the Undead* Evil and the Appeal of Horror Cynthia A Freeland seeks to counter both aesthetic disdain and moral condemnation by focusing on a select body of important and revealing films demonstrating how the genre is capable of deep philosophical reflection about the existence and nature of evil both human and cosmic In exploring these films the author argues against a purely psychoanalytic approach and opts for both feminist and philosophical understandings She looks at what it is in these movies that serves to elicit specific reactions in viewers and why such responses as fear and disgust are ultimately pleasurable The author is particularly interested in showing how gender figures into screen

presentations of evil The book is divided into three sections Mad Scientists and Monstrous Mothers which looks into the implications of male rationalistic scientific technology gone awry The Vampire s Seduction which explores the attraction of evil and the human ability or inability to distinguish active from passive subject from object and virtue from vice and Sublime Spectacles of Disaster which examines the human fascination with horror spectacle This section concludes with a chapter on graphic horror films like The Texas Chainsaw Massacre Written for both students and film enthusiasts the book examines a wide array of films including The Silence of the Lambs Repulsion Frankenstein The Fly Dead Ringers Alien Bram Stoker s Dracula Interview with the Vampire Frenzy The Shining Eraserhead Hellraiser and many others **Moralizing the Italian**

Marvellous in Early Modern England Beatrice Fuga,Alessandra Petrina,2024-11-08 This volume breaks new ground in the exploration of Anglo Italian cultural relations it presents analyses of a wide range of early modern Italian texts adapted into contemporary English culture often through intermediary French translations When transposed into English their Italian origin was frequently categorized as marvellous and consequently censured because of its strangeness thus English translators often gave their public a moralized and tamed version of Italy s uniqueness This volume s contributors show that an effective way of moralizing Italian custom was to exoticize its origins in order to protect the English public from an Italianate influence This ubiquitous moralization is visible in the evolution of the concept of tragedy and in the overtly educational aim acquired by the Italian novella adapted for an allegedly female audience Through the analysis of various literary genres novella epic poem play essay the volume focuses on the mechanisms of appropriation and rejection of Italian culture through imported topoi and narremes *Mind and Morality* John Bricke,1996 John Bricke presents a philosophical study of the theory of mind and morality that David Hume developed in his Treatise of Human Nature and other writings The chief elements in this theory of mind are Hume s accounts of reasons for action and of the complex interrelations of desire volition and affection On this basis Professor Bricke lays out and defends Hume s thoroughgoing non cognitivist theory of moral judgement and shows that cognitivist and standard sentimentalist readings of Hume are unsatisfactory as are the usual interpretations of his views on the connections between morality justice and convention Hybridity and Its Discontents

Avtar Brah,Annie Coombes,2005-08-03 Hybridity and its Discontents explores the history and experience of hybridity the mixing of peoples and cultures in North and South America Latin America Britain and Ireland South Africa Asia and the Pacific The contributors trace manifestations of hybridity in debates about miscengenation and racial purity in scientific notions of genetics and race in processes of cultural translation and in ideas of nation community and belonging The contributors begin by examining the persistence of anxieties about racial contamination from nineteenth century fears of miscegenation to more recent debates about mixed race relationships and parenting Examining the lived experiences of children of mixed parentage contributors ask why such fears still thrive in a supposedly tolerant culture The contributors go on to discuss how science while apparently neutral is part of cultural discourses which affect its constructions and

classifications of gender and race The contributors examine how new cultural forms emerge from borrowings exchanges and intersections across ethnic and cultural boundaries and conclude by investigating the contemporary experience of multiculturalism in an age of contested national borders and identities **The Ideology of Conduct (Routledge Revivals)**

Nancy Armstrong, Leonard Tennenhouse, 2014-06-17 In *The Ideology of Conduct* first published in 1987 scholars from various fields from the medieval period to the present day discuss literature in which the sole purpose is to instruct women in how to make themselves desirable This collection investigates how middle class writers who had long emulated the behaviour of the aristocracy began to criticise that behaviour by formulating an alternative object of desire They did so without appearing to breed political controversy because it seemed to concern only the female But writing for and about women in fact became a powerful instrument of hegemony as it introduced a whole new vocabulary for social relations induced certain forms of economic behaviour as desirable in men and women respectively and insured the reproduction of the nuclear family It is argued therefore that the literature of conduct not only recorded but also assisted the production of our contemporary gender based culture **The Language of Zen** Richard Burnett Carter, 2009-03-03 Examines the complexity of language in Zen Buddhism and explains how to understand meaning of words in the way the original Zen writers intended **America's Textile Reporter**, 1904 **British Journal of Psychology**, 1921 Issues for 1904 47 include the Proceedings of the society

The British Journal of Psychology, 1921 Issues for 1904 47 include the Proceedings of the society *International Health Bulletin of the League of Red Cross Societies* League of Red Cross Societies, 1951 *Philosophy Goes to the Movies* Christopher Falzon, 2014-07-31 Now emulated in several competing publications but still unsurpassed in clarity and insight *Philosophy Goes to the Movies* An Introduction to Philosophy Third Edition builds on the approach that made the two earlier editions so successful Drawing on many popular and some lesser known films from around the world Christopher Falzon introduces students to key areas in philosophy like Ethics Social and Political Philosophy The Theory of Knowledge The Self and Personal Identity Critical Thinking Perfect for beginners this book guides the reader through philosophy using illuminating cinematic works like Avatar Inception Fight Club Wings of Desire Run Lola Run A Clockwork Orange Blade Runner Dirty Harry and many other films The fully revised and updated Third Edition features an expanded introduction that provides a new discussion of the relationship between film and philosophy new material on notable philosophers such as Aristotle Merleau Ponty and Rawls and coverage of new topics like virtue ethics and what Socrates offers for critical thinking An updated glossary references and bibliography and a filmography are also included in the Third Edition *The Death of Death in the Death of Christ: Being a Narrative of the First Death as the Mistress of Mortals, and Empress of the Universe ... Reprinted from the Edition of 1697* Richard Mayhew, 1839 **Biomedicine** Bruce H. Robinson, 2007 This beautifully designed two color book is filled with over 100 detailed illustrations to help the reader better understand the materials being presented Red flag cases are included and clearly explained to help the practitioner decide when an immediate referral is

necessary This book covers many Western diseases you will encounter and is clearly written for practitioners of Chinese medicine With this textbook you will learn the clinical presentation and treatment of the major diseases seen in Western medical practice today and how to confidently interact with Western medical practitioners Publisher **Speculative Television and the Doing and Undoing of Religion** Gregory Erickson, 2022-09-16 This book explores the concept that as participation in traditional religion declines the complex and fantastical worlds of speculative television have become the place where theological questions and issues are negotiated understood and formed From bodies robots and souls to purgatories and post apocalyptic scenarios and new forms of digital scripture the shows examined from Buffy the Vampire Slayer to Westworld invite their viewers and fans to engage with and imagine concepts traditionally reserved for religious spaces Informed by recent trends in both fan studies and religious studies and with an emphasis on practice as well as belief the thematically focused narrative posits that it is through the intersections of these shows that we find the reframing and rethinking of religious ideas This truly interdisciplinary work will resonate with scholars and upper level students in the areas of religion television studies popular culture fan studies media studies and philosophy The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **Dangerous Drugs** Ronny Spaans, 2025-10-01 In the 17th century the Dutch Republic was the centre of the world trade in exotic drugs and spices They were sought after both as medicines and as luxury objects for the bourgeois class giving rise to a medical and moral anxiety in the Republic This ambivalent view on exotic drugs is the theme of the poetry of Joannes Six van Chandelier 1620-1695 Six who himself ran the drug shop The Gilded Unicorn in Amsterdam addresses a number of exotic medicines in his poems such as musk incense the miracle drug theriac Egyptian mumia and even the blood of Charles I of England In Dangerous Drugs these texts are studied for the first time The study shows how Six through a process of self presentation as a sober and restrained merchant but also as a penitent sinner thirsting for God's grace links early modern drug abuse to different desires such as lust avarice pride and curiosity The book shows also how an early modern debate on exotic drugs contributed to an important shift in early modern natural science from a drug lore based on mythical and fabulous concepts to a botany based on observation and systematic examination **Fibre & Fabric**, 1913
