Office 2007 in easy steps Michael Price, 2007-11-10 Office 2007 in easy steps concentrates on the most useful and productive elements of Microsoft Office 2007. It majors on the applications included in the Standard edition: Word, Excel, Outlook, PowerPoint, and Office Tools, and also addresses other Office applications such as Access and Publisher. It treats the applications from the viewpoint of the tasks you want to perform and the results you want to achieve. The topics covered include word processing, report writing, printing, calculations, financial statements, presentations, photo editing, slide shows, email, time management, database files and folders, and finding help. It addresses the essential functions that you will use to carry out your tasks. These are described in easy-to-follow steps that focus on the job in hand without burying you in the details of computer-related aspects. Aimed at both new and experienced users, Office 2007 in easy steps provides an ideal introduction to the features of Office 2007 with its new Ribbon interface. **Cleaning Windows Vista For Dummies** Allen Wyatt, 2007-01-29 Find out what you should clean when and how.
