Toolkit For Evangelization Talking To The Culture:

Toolkit for Evangelization James Bromwich, 2014-11-22 If you are a person of Faith striving to be a good Christian disciple and have wondered how to reach an increasingly apathetic skeptical even hostile culture this Toolkit is for you The Toolkit for Evangelization is easy to use and an essential foundational tool for all Christians seeking to engage contemporary men and women First it teaches fundamental truths about our human existence that can easily be known by anyone through simple reason and experience These truths are common to all human beings and undergird who we are from whence we came and where we are going Rather than starting our conversations from the top with belief in God Sacred Scripture and Tradition it is necessary to first find common ground what we can all know from reason and experience In this way we begin by building a bridge between unbelief and Faith The Toolkit then deepens the missionary s engagement with these truths through individual and group exercises and then provides tools for missionary engagement with the world By engaging the people of our culture in conversations that target these fundamental realities engaging them where they are at we have a better chance of leading them to a joy filled life of Faith in Jesus Christ

American Evangelicalism Christian Smith, Michael Emerson, Sally Gallagher, Paul Kennedy, David Sikkink, 2014-12-10 An excellent study of evangelicalism from the award winning sociologist and author of *Souls in Transition* and *Soul Searching* Library Journal Evangelicalism is one of the strongest religious traditions in America today twenty million Americans identify themselves with the evangelical movement Given the modern pluralistic world we live in why is evangelicalism so popular Based on a national telephone survey and more than three hundred personal interviews with evangelicals and other churchgoing Protestants this study provides a detailed analysis of the commitments beliefs concerns and practices of this thriving group Examining how evangelicals interact with and attempt to influence secular society this book argues that traditional orthodox evangelicalism endures not despite but precisely because of the challenges and structures of our modern pluralistic environment This work also looks beyond evangelicalism to explore more broadly the problems of traditional religious belief and practice in the modern world With its impressive empirical evidence innovative theory and substantive conclusions *American Evangelicalism* will provoke lively debate over the state of religious practice in contemporary America Based on a three year study of American evangelicals Smith takes the pulse of contemporary evangelicalism and offers substantial evidence of a strong heartbeat Evangelicalism is thriving says Smith not by being countercultural or by retreating into isolation but by engaging culture at

the same time that it constructs maintains and markets its subcultural identity Although Smith depends heavily on sociological theory he makes his case in an accessible and persuasive style that will appeal to a broad audience Publishers Weekly

Ecclesial Identities in a Multi-Faith Context Darren Duerksen, 2015-01-12 When Hindus and Sikhs become followers of Christ what happens next Should they join Christian churches that often look and feel very unfamiliar to them Or to what degree can or should they remain a part of

their Hindu Sikh communities and practices Uncomfortable with the answers that were provided to them by Christian leaders in northwest India six followers of Christ began Yesu satsangs Jesus truth gatherings that sought to follow Christ and the teachings of the Bible while remaining connected to their Hindu and or Sikh communities Ecclesial Identities in a Multi faith Context analyzes the contextualized practices and identities of these leaders and their gatherings situating these in the religious history of the region and the personal histories of the leaders themselves Whereas Christians worry that the Yesu satsangs and related insider movements are syncretizing their beliefs and are not properly identifiable as churches Ecclesial Identities analyzes the Yesu satsang s narratives and practices to find vibrant expressions of local church that are grappling with questions and tensions of social and religious identity In addition to its ethnographic approach Ecclesial Identities also utilizes recent sociological and anthropological theory in identity formation and critical realism as well as discussions of biblical ecclesiology from the book of Acts This study will be a helpful resource for those interested in global Christianity the practices and identities of churches in religiously plural environments and the creative ways in which Christ followers can missionally engage people of other faiths

Speaking of Jesus Carl

Medearis,2011-07-01 Some of us fear moments when we need to defend our theology Some of us seek them out But we are seldom ready the way Jesus seemed to be ready So how do we draw others to God in the midst of these ordinary conversations the way Jesus did In *Speaking of Jesus* Carl Medearis draws on his experience of international reconciliation between Muslims and Christians to remind us of the heart of the matter Jesus Here he gives us tools stories and the foundation we need to move beyond us and them and simply talk about the One who changes it all As Carl writes While

others are explaining and defending various isms and ologies we re simply pointing people to our friend The one who uncovers and disarms Who leads people right to himself The beginning and the end of the story A good story indeed
