Soldiers and Statesmen, 1914-1918 William Robert Robertson,1926 For access contact faculty librarian for Humanities and Social Sciences The Art of War Sunzi,Shang Yang,Sun Tzu,1998 The Art of War is almost certainly the most famous study of strategy ever written and has had an extraordinary influence on the history of warfare The principles Sun tzu expounded were utilized brilliantly by such great Asian war leaders as Mao Tse tung **Sun Tzu for Execution** Steven W Michaelson,2007-01-19 While most other titles on Sun Tzu emphasize the strategic or philosophical nature of Sun Tzu s writings this guide will show readers how to implement The Art of War tactically and operationally It promotes savvy strategic principles from Sun Tzu such as share rewards coordinate resources and choose your timing Sun Tzu for Execution enables readers to achieve results and improve their bottom line Filled with insight commentary and examples from companies that are best in class at execution Sun Tzu for Execution makes strategy actionable *United States Army in World War II.: The European theater of operations ,1963 **United States Army in World War II. ,1963 Wrongs and Crimes** Victor Tadros,2016 Offering a philosophical investigation of the relationship between moral wrongdoing and criminalization this book provides an account of the nature of moral wrongdoing the sources of moral wrongdoing why wrongdoing is the central target of criminal law and the ways in which criminalization of non wrongful conduct might be permissible Sun Tzu For Success Gerald A Michaelson,Steven W Michaelson,Sun-tzu,2003-01-01 By exploring the basic components of The Art of War this guide to personal development and success shows you how to unleash your full potential triumph over adversity and achieve long term goals **Aids to Faith ... MacDonald,2014-08-15 Includes 19 maps and 82 illustrations Some who have written of World War II in Europe have dismissed the period between 11 Sept and 16 Dec 1944 with a paragraph or two This has been their way of gaining space to tell of the whirlwind advances and more spectacular command decisions of other months The fighting during Sept Oct Nov and early Dec belonged to the small units and individual soldiers the kind of warfare which is no less difficult and essential no matter how seldom it reaches the spectacular It is always an enriching experience to write about the American soldier in adversity no less than in glittering triumph Glitter*

and dash were conspicuously absent in most of the Siegfried Line fighting But whatever the period may lack in sweeping accomplishment it makes up in human drama and variety of combat actions Here is more than fighting within a fortified line Here is the Hurtgen Forest the Roer plain Aachen and the largest airborne attack of the war The period also eventually may be regarded as one of the most instructive of the entire war in Europe A company battalion or regiment fighting alone and often unaided was more the rule than the exception In nuclear war or in so called limited war in underdeveloped areas of which we hear so much today this may well be the form the fighting will assume As befits the nature of the fighting this volume is focused upon tactical operations at army level and below The story of command and decision in higher headquarters is told only when it had direct bearing on the conduct of operations in those sectors under consideration The logistics of the campaign likewise has been subordinated to the tactical narrative It is a ground story in the sense that air operations have been included only where they had direct influence upon the ground action
