Chronicles of a Space Mercenary Ronald Wintrick, Book Two of the Chronicles Saga *Tanya* Ronald

Wintrick,2013-05-20 *Tanya* The stand alone prequel to bestselling *Chronicles of a Space Mercenary* *Tanya* Ronald Wintrick,2013-11-26 *Tanya* sees someone from her past in a chance encounter that chance encounter triggering a flash of memory from her forgotten childhood Amnesia they had told her That chance encounter and the face of the one she hated more than any other released the floodgate of her suppressed memories Tanya begins to remember everything and to realize her entire life had been a living lie She wasn't who she had been told she was and someone was going to pay for it Sci Fi Action Thanks and enjoy Tanya was a main protagonist in *Chronicles of a Space Mercenary* but the book *Tanya* is a stand alone novel This is Tanya's story *The Omega Chronicles Volume 3* Mack W. Wells,2016-01-12 You would think it strange for a teenage boy to get a doll in the mail from his parents But it's even stranger when this doll comes to life saying that she was made for him by his scientist parents before they disappeared in a lab accident At the same time a man comes after him and the android in hopes of using it to reshape humans into armored warriors Terry is about to find out the android has the power to change into armor and enhance any human she bonds with turning them into the fastest and possibly the most powerful being alive able to move at speeds faster than the speed of light Now Terry and this android must use their power to not only find his parents but also save the universe from the ones that want to use the androids power for the wrong reasons Luckily they don't have to do this on their own They have good friends and new allies to aid them in their fight to protect their hope for the future **Chronicles of a Space Mercenary** Ronald Wintrick,2013-06-05 The thing I hated most about working for the government any government they all seemed to think alike was that then they invariably thought that they owned you Patriotism duty and all those other words that meant they thought they were entitled to what was yours All meaningless trite to a world less vagabond like myself My ship was my home and I needed no other They're waiting for a response Captain Tanya Serensen said my strong First and the meanest bitch I have ever met The war was over We were had been part of the Federation forces which had unsuccessfully attempted to unify the four hundred and seventy two known human worlds We had been smashed ruthlessly to put mildly what had been a lost cause from the beginning I had been paid handsomely with trade goods and supplies semi precious metals and fuel rods to be exact plus I'd brought my ship Last Chance and my crew through without a scratch So I had not complained when everyone started signing peace treaties The problem began when I informed my erstwhile employers that with hostilities ended so too were my obligations I had fulfilled to the letter our contract I owed them nothing more They had not agreed There were now three of my former allies positioned in attack formation outside Last Chance's hull Not only did they not feel as if I had not completely fulfilled my end of the bargain but I was getting the distinct impression they would not be satisfied until they had added Last Chance herself

to their now depleted arsenal I guess they felt that with all the losses they had suffered that Last Chance would be a welcome addition to their much depleted Navy I guess they hadn't quite learned their lesson about attempting to force their wills on unwilling subjects Some people are simply incapable of understanding Especially people in positions of power like governments for example You bastards I snarled I should have known these ungrateful hypocrites would try to back stab me especially now that every planet was a law unto itself only answerable to itself and they angry at the defeat they had suffered They were quick at jumping on the bandwagon of self governance now that no unifying government held sway That was for sure Is that your response Tanya asked no inflection in her voice No I snapped The crazy bitch would repeat it too if I didn't specifically say no A first impression of Tanya Serensen would never give you the insightful depth that existed behind her innocent appearing stunningly beautiful face Blond hair blue eyes body and face of a love goddess barely fifty kilos soaking wet but as vicious as a Tarnian Bola Raptor when angered and if you've ever been to Tarnia you know there is no living creature meaner nor better able to defend itself That's my Tanya in a nutshell A very tough unbreakable nutcase What are we going to do Demanded David Bren my Science Engineer when I didn't immediately make a decision Bren is a mathematical genius and quite able to compute our odds no matter which decision I ultimately made whether we fought or fled against the three Class Four Katon Destroyers which were arrayed around us in a roughly triangular formation Not that it took a mathematical genius to figure these odds We were fucked and that was the long and the short of it To fight would be bad To flee worse To surrender the worst They weren't going to let us survive to go running around telling anyone who would listen how we had been robbed by the honest law abiding Katons They had

[Chronicles of a Space Mercenary](#) Ronald Edwin Wintrick, 2012-01-01 This full length novel is written in what I consider to be the Old School style A book meant purely to entertain This was a work of love and will probably always be my favorite no matter how many more I write But possibly not I may love the Prequel and Sequel even more You may look for more Marc Deveroux around the beginning of the year Thank you and enjoy The thing I hated most about working for the government any government they all seemed to think alike was that then they invariably thought that they owned you Patriotism duty and all those other words that meant they thought they were entitled to what was yours All meaningless trite to a world less vagabond like myself My ship was my home and I needed no other They're waiting for a response Captain Tanya Serensen said my strong First and the meanest bitch I have ever met The war was over We had been part of the Federation forces which had unsuccessfully attempted to unify the four hundred and seventy two known human worlds We had been smashed ruthlessly to put mildly what had been a lost cause from the beginning I had been paid handsomely with trade goods and supplies semi precious metals and fuel rods to be exact plus I'd brought my ship Last Chance and my crew through without a scratch So I had not complained when everyone started signing peace treaties The problem began when I informed my erstwhile employers that with hostilities ended so too were my obligations I had fulfilled to the letter our contract I owed them nothing more They had not agreed There were now

three of my former allies positioned in attack formation outside Last Chance's hull. Not only did they not feel as if I had not completely fulfilled my end of the bargain but I was getting the distinct impression they would not be satisfied until they had added Last Chance herself to their now depleted arsenal. I guess they felt that with all the losses they had suffered that Last Chance would be a welcome addition to their much depleted Navy. I guess they hadn't quite learned their lesson about attempting to force their wills on unwilling subjects. Some people are simply incapable of understanding. Especially people in positions of power like governments for example. You bastards, I snarled. I should have known these ungrateful hypocrites would try to backstab me especially now that every planet was a law unto itself only answerable to itself and they angry at the defeat they had suffered. They were quick at jumping on the bandwagon of self governance now that no unifying government held sway. That was for sure. Is that your response? Tanya asked, no inflection in her voice. No, I snapped. The crazy bitch would repeat it too if I didn't specifically say no. A first impression of Tanya Serensen would never give you the insightful depth that existed behind her innocent appearing stunningly beautiful face. Blond hair, blue eyes, body and face of a love goddess, barely fifty kilos, soaking wet but as vicious as a Tarnian Bola Raptor when angered and if you've ever been to Tarnia, you know there is no living creature meaner nor better able to defend itself. That's my Tanya in a nutshell. A very tough, unbreakable nutcase. What are we going to do? Demanded David Bren, my Science Engineer, when I didn't immediately make a decision. Bren is a mathematical genius and quite able to compute our odds no matter which decision I ultimately made, whether we fought or fled against the three Class Four Katon Destroyers which were arrayed around us in a roughly triangular formation. Not that it took a mathematical genius to figure these odds. We were fucked and that was the long and the short of it. To fight would be bad. To flee, worse. To surrender, the worst. They weren't going to let us survive. To go running around telling anyone who would listen how we had been robbed by the honest law-abiding Katons. They had their tourism and immigration.

In a far corner of the galaxy, a deadly war rages on. The Budheya people are one of the worst affected. Once the most advanced civilization in the quadrant, they now struggle under the cruel yoke of Ketaari occupation. Saakshi, a Budheya rebel, imprisoned by the Ketaari Imperial Forces, is sent to a distant space station to work in an alehouse. For a girl who has known only hardship in her short life, things could be worse. Until an old foe from the past walks into the alehouse. Alone, friendless and far from home, desperation forces her to turn to an unlikely source for assistance. Zoran is Hadari Kor, notorious for their prowess on the battlefield. Their reputation as nomadic mercenaries who owe

allegiance to none and only fight for hire make people wary of tangling with them The fallout from this improbable alliance between a Budheya rebel and the Hadari Kor mercenary reverberates across space Old assumptions are broken and new partnerships between unlikely allies forged Through the minefield of shifting alliances Zoran must fight to protect Saakshi from a relentless enemy When a warrior's heart demands justice for his beloved his quest will set them on a path to alter the destiny of her oppressed people the course of the war and the very fate of their corner of the universe **An Ancient Peace**
