Avatar and Philosophy George A. Dunn, 2014-09-04 James Cameron's critically acclaimed movie Avatar was nominated for nine Academy Awards and received countless accolades for its breath-taking visuals and use of 3D technology. But beyond its cinematic splendour, can Avatar also offer us insights into business ethics, empathy, disability, and the relationship between mind and body? Can getting to know the Na'vi, an alien species, enlarge our vision and help us to see both our world and ourselves in new ways? Avatar and Philosophy is a revealing journey through the world of Pandora and the huge range of philosophical themes raised by James Cameron's groundbreaking film. Explores philosophical issues such as religion, morality, aesthetics, empathy, identity, the relationship of mind and body, environmental and business ethics, technology, and just war theory. Examines a wide range of topics from the blockbuster movie, including attitudes toward nature, our responsibilities to nonhuman species, colonialism, disability, and communitarian ethics. Written by an esteemed group of philosophers who are avid fans of Avatar themselves. Explains philosophical concepts in an enjoyable and accessible manner that will appeal to all levels of readers. With a new trilogy of sequels now announced, this is the ideal entry point for understanding the world of Pandora for fans and newcomers alike.

The Vajrabhairava Tantra Aleksandra Wenta, 2025-09-02 A groundbreaking work on the little-studied Indian origins of an influential tantric Buddhist practice, along with a fresh English translation. The deity Vajrabhairava or Yamantaka is well known as the central figure of tantric practice in multiple lineages of Tibetan Buddhism and is also found in Chinese and Japanese Buddhism. Less is known about its foundational Indian context. The Vajrabhairava Tantra, dedicated to the buffalo-headed deity Vajrabhairava, arose around the eighth century and had a considerable impact on the formation of religious praxis in the medieval Indian Buddhist world. This book contains a translation of the Vajrabhairava Tantra from the recently discovered Sanskrit text and a comprehensive study of its elements, its origins, and Indian commentators, and of the history of its transmission to Tibet. The annotation to the translation excerpts all six Indian commentaries on the tantra found in the Tibetan canon. One highly innovative contribution this work makes to the fields of tantric Buddhist studies and more generally to South Asian religions is the way it breaks down traditional disciplinary boundaries between tantra and magic. It shows that the genesis of tantric traditions cannot be reduced to a one-way influence of Hindu Shaivism on Buddhism or vice versa, but indicates a widespread culture of magic, a common ritual syntax that crossed sectarian, linguistic, and socio-cultural boundaries, one that came to be significantly diminished in later Shaiva and Buddhist tantras. The study comprises the first half of the book, and the second half is the translation, which explains the construction of the mandala, the magical applications of the practice, the extraction of the mantra, the visualization, and the preparation of the pata painting and the homa fire ritual. A dozen color plates illustrate Vajrabhairava in his Solitary Hero and other forms, along with mandalas of five different lineages, keys for which are provided in the appendix. Not only is the English translation of the Vajrabhairava Tantra the first to be based on a Sanskrit

manuscript but also the comprehensive study of all six canonical commentaries is the first to investigate the key commentaries by Akshobhya and Krishnacharya Tantra Shashi Solluna,2016-11-01 In this accessible guide Shashi Solluna breaks all preconceptions about Tantra and introduces us to the real philosophy behind this sacred practice In traditional descriptions Tantra is often defined as meaning to weave and can be compared to the weaving of a fabric Tantra is therefore a path that weaves together Ultimately Tantra points us to the highest level of consciousness in which one merges into Oneness and no longer feels like a separate physical entity This is sometimes called Heaven as opposed to the more tangible experience of Earth This book explains how Tantra can allow us to move from a physical solid experience of reality into the lighter more ethereal experience or from Earth to Heaven and then ultimately bring Heaven to Earth This books explores The history of Tantra The core principles of Tantra An understanding of the tantric approach to sexuality Practices to explore your own Tantric sexuality A tantric understanding of relationship love and intimacy An understanding of Tantra as a spiritual path Practices for creating spiritual experiences and higher states of consciousness and much more *The Tantric Mastery Collection: The Complete Tantric Mastery Series 3-in-1 Compilation* Catherine Auman, LMFT,2023-01-20 Create the Sex Love and Romance of Your Dreams Imagine yourself in a perfect soulmate relationship full of sex love and romance Open yourself to love and awareness This 3 Books in One compilation of these beautiful bestselling books teaches you how Catherine Auman s Tantric Dating Bringing Love and Awareness to the Dating Process was named one of the Best Dating Books of All Time by BookAuthority Tantric Mating Using Tantric Secrets to Create a Relationship Full of Sex Love and Romance follows up this success by teaching you what to do next after attracting your perfect love to maintain the magic In Tantric Relating Relationship Advice to Find and Keep Sex Love and Romance you ll learn how to speak your truth and keep the love fires burning In Tantric Dating Bringing Love and Awareness to the Dating Process you will discover the true definition of tantra and how it is more about love than sex how by dating in the conventional way you may be getting further and further away from the love you crave how you can develop yourself into a person who feels love and thus attracts love how your dating life and your spiritual life can align and be one and the same In Tantric Mating Using Tantric Secrets to Create a Relationship Full of Sex Love and Romance you will learn how to be in partnership and create your perfect soulmate relationship how soulmate relationships are created how conventional advice has steered you wrong what kind of work to do on yourself In Tantric Relating Relationship Advice to Find and Keep Sex Love and Romance you will complete your knowledge by learning to speak your truth learn to set and keep agreements that support your togetherness find out the secrets of verbal and nonverbal communication Get Started Immediately Buy Now and take the first step on your journey to creating your perfect soulmate relationship by using tantric secrets Scroll to the top of the page and hit the Buy button

Sir John Woodroffe, *Tantra and Bengal* Kathleen Taylor, 2012-10-12 Working with Bengali mentors especially his close friend A B Ghose Sir John Woodroffe became the pseudonymous orientalist Arthur Avalon famous for his tantric studies at the beginning of the twentieth century Best known for *The Serpent Power* the book which introduced Kundalini Yoga to the western world Avalon turned the image

of Tantra around from that of a despised magical and orgiastic cult into a refined philosophy which greatly enhanced the prestige of Hindu thought to later generations of westerners This biographical study is in two parts The first focuses on Woodroffe's social identity in Calcutta against the background of colonialism and nationalism the context in which he was Arthur Avalon To a very unusual degree for someone with a high position under the empire Woodroffe the British High Court Judge absorbed the world of the Bengali intellectuals of his time among whom his popularity was widely attested His admirers were attracted by his Indian nationalism to which his tantric studies and supposed learning formed an important adjunct Woodroffe's friend Ghose however was the chief source of the textual knowledge in which the orientalist scholar appeared to be deeply versed The second part of this study assesses Woodroffe's own relationship to Sanskrit and to the texts and highlights his very extensive but gifted use of secondary sources and the knowledge of Ghose and other Indian people It examines the apologetic themes by which he and his collaborators made Tantra first acceptable then fashionable Partly because of his mysterious pseudonym Woodroffe acquired a near legendary status for a time and remains a fascinating figure This book is written in a style that should appeal to the general reader as well as to students of Indian religions and early twentieth century Indian history while being relevant to the ongoing debate about orientalism
