

How to Write a Target Market Analysis?

It is important to remember that there are steps that can guide you to write your analysis. You need to start your market segmentation for your analysis.

Who Do You Want to Target?

You need to have a marketing plan. Study your product first. What are the features of your products? Who are the people who can use your product?

Geographics

This is important in order for you to check if your products are accessible to them or if they need your product catalog based on their locations.

Demographics

Demographics is a study and research of a group of people or populations through characteristics. You can start here.

Psychographics

This is more into asking why customers behave the way they do, why they stop going to a certain store, and other whys.

Analyze Your Data

Once you have gathered the data of your customers, you can now start analyzing. You can recognize similarities and dissimilarities in the data.

Decision

Make sure that your target market can afford your products. Evaluate how your target market can reach you. Are your products accessible to this audience?

market is no longer relevant in the digital age and doesn't serve the best interests of viewers. The Code on Scheduling of Television Advertising should be harmonised to level the playing field between public service and commercial broadcasters when Digital Switchover happens in 2012. It is the Committee's view that a reduction in the quantity of advertising airtime that broadcasters are allowed to sell would greatly improve the viewer experience and would be fairer to the public service broadcasters ITV 1, Channel 4 and Channel 5 who are limited more than all other commercial channels at the moment. All channels should be allowed an average of 7 minutes per hour appropriate peak time maximum to be determined after research from Ofcom. The Committee has also looked at specific regulations which affect ITV 1 known as the Contract Rights Renewal undertakings. These undertakings should be removed as long as they are replaced with binding undertakings from ITV plc to invest an appropriate proportion of any additional revenues from advertising in creating UK originated programming and training. The Committee is calling on ITV's bosses to deliver on the commitments they have made to the Committee to increase its investment on quality UK originated programming in return for the removal of CRR and also to invest in training within the industry.
