Targeted Reading Interventions:

Targeted Reading Interventions for the Common Core: Grades 4-8 Diana Sisson,Betsy Sisson,2014-10-15 Interactive lessons that scaffold students and build their capacity to read complex texts *Targeted Reading Interventions for the Common Core: Grades K-3* Diana Sisson,Betsy Sisson,2014-10-15 Interactive lessons that scaffold students and build their capacity to read complex texts **The Targeted Reading Intervention (TRI)** Lynne Vernon-Feagans,Steve Amendum,Kirsten Kainz,Marnie Ginsburg,2009 The two studies presented in this report were designed to test the effectiveness of a new diagnostic based reading intervention for classroom teachers called the Targeted Reading Intervention TRI This TRI Tier 2 intervention stressed diagnostic teaching as the key to helping struggling readers make rapid progress in reading in the regular classroom In Study 1 the authors wanted to understand whether the intervention was effective for struggling readers and under what conditions and for whom was the intervention most beneficial In Study 2 the authors wanted to understand if their intervention could have an effect when it was delivered via technology using webcams that allowed real time consultation in the regular classroom where their consultants could see and hear the teacher working with individual children Study 1 included 6 elementary schools in two rural poor counties in the Southeastern United States Consistent with literature on rural schools the teachers in this study had many years of classroom experience but their advanced education was less than might be expected for their years of teaching Study 2 included two schools in rural Texas and two in rural New Mexico The teachers in this study had slightly less experience but more advanced degrees than in study 1 These studies suggest that professional development for classroom teachers in rural low wealth communities that focuses on diagnostic teaching in the regular classroom with struggling readers can make a dramatic difference in the gains these children make in one academic year With the help of a biweekly literacy consultant who worked with the teacher in the regular classroom the TRI Tier 2 intervention found effect sizes of almost 1 in Study 1 and effect sizes of about 0.5 in Study 2 when consultation was delivered by webcam technology In both studies there was no evidence that normally progressing children were suffering because of the time teachers used to work with the struggling readers In addition this study also suggests that this diagnostic approach appears to help all children equally with no evidence that boys African American children or low SES children gained less than other struggling readers In addition the interaction between rapid color naming and the intervention suggested that children with rapid color naming problems gained the most from the TRI providing evidence that this kind of deficit may be particularly addressed in a diagnostic teaching format Finally this study demonstrates that low cost effective teacher professional development can dramatically improve the reading of struggling readers by biweekly consultation in the regular classroom either face to face or by very cost effective web cam technology that allows teacher and consultants to see and hear each other in real time as they work with a struggling reader

Targeted Reading Interventions Joey Bland,2009-09-22 *The Targeted Reading Intervention* Lynne

Vernon-Feagans, Kirsten Kainz, Amy Hedrick, Marnie Ginsberg, Steve Amendum, 2010 The main objective of the overall Targeted Reading Intervention TRI was to help the classroom teacher acquire the key reading diagnostic strategies e.g. Cooter 2003 Desimone 2009 Garet et al 2001 Timperley Garet et al 2001 Guskey 2002 Joyce Penuel et al 2007 Taylor Pressley Pearson 2004 through the authors professional development program In the present study the authors employed an innovative distance technology model to deliver professional development and real time collaborative coaching to isolated rural schools Each experimental classroom received a laptop webcam and webconferencing software This technology was used with each experimental teacher so that the authors could see and hear her working with each of her struggling readers in real time and she could see and hear the literacy consultants at their university thousands of miles away Through this technology the literacy consultants could coach the classroom teacher in using the TRI strategies and also use the technology of grade level meetings and workshops throughout the year Findings of this study suggests that the Targeted Reading Intervention using webcam technology with classroom teachers in kindergarten and first grade can significantly help struggling readers progress more quickly in all of the basic word reading and comprehension skills over one year In addition for the basic word reading skills the TRI can actually help struggling readers catch up with their non struggling peers in the same classroom by the end of the school year Future work is needed to understand what actual teacher knowledge and practice constructs that might mediate the relationship between treatment and student outcomes Contains 1 figure and 3 tables

Targeted Reading Intervention , Targeted Reading Intervention for Summer School, After School, and Other Instructional Programs ,2009 Targeted Reading Intervention for First Grade Region IV Education Service Center,2006-01-01 *Structured Literacy Interventions* Louise Spear-Swerling,2022-02-22 In this book structured literacy is conceptualized as an umbrella term encompassing a variety of intervention methods instructional approaches and commercial programs In addition to focusing on SL approaches to intervention this book is organized around common poor reader profiles that have been identified in research The chapters in this volume are written by experts who are well known as researchers but who are also highly skilled at writing for practitioners Chapters were written with a strong foundation of research that is summarized but with a concentration on translating research into practice including case studies sample intervention activities and lesson plans Each chapter includes application activities at the end to check for and extend readers understanding
