factory Suzuki Workshop Manual for the T20 and T200 series of motorcycles including the 250cc Super Six and X6 Hustler
and the 200cc X5 Invader and Sting Ray Scrambler There are comprehensive tables of technical data tolerances and fits and
all of the expected data from a factory publication for the repair and overhaul of all major and minor mechanical and
electrical components making it an invaluable resource for collectors and restorers of these classic Suzuki motorcycles There
are 177 illustrations and each procedure is explained in a step by step method using an appropriate illustration The
translation from Japanese to English is at times a little quirky but the illustrations make up for any difficulty in understanding
what needs to be done Out of print and unavailable for many years this book is highly sought after on the secondary market
