People Who Don't Know They're Dead Gary Leon Hill, 2025-09-12 In *People Who Don't Know They're Dead* Gary Leon Hill tells a family story of how his Uncle Wally and Aunt Ruth Wally's sister came to counsel dead spirits who took up residence in bodies that didn't belong to them And in the telling Hill elucidates much of what we know or think we know about life death consciousness and the meaning of the universe When people die by accident in violence or maybe they're drunk stoned or angry they get freeze framed Even if they die naturally but have no clue what to expect they might not notice they're dead It's frustrating to see and not be seen It's frustrating not to know what you're supposed to do next It's especially frustrating to be in someone else's body and think it's your own That's if you're dead If you're alive and that spirit has attached itself to you well that's a whole other set of frustrations Wally Johnston a behavioral psychologist first started working with a medium in the 70s to help spirits move on to the next stage Some years after that Ruth Johnston an academic psychiatric nurse who'd become interested in new consciousness and alternative healing began working with Wally to clear spirits who weren't moving on These hitchhikers had attached themselves to the auras of living relatives or strangers in an attempt to hold on to a physical existence they no longer need Through her pendulum Ruth obtains permission from the higher self of both hitchhiker and host to work with them Then Wally speaks with them gently but firmly to make sure they know they are no longer welcome to inhabit the bodies and wreak havoc on the lives of the living Hill has woven this fascinating story with the history and theory of what happens at death with particular emphasis on the last 40 years and the

work of such groundbreaking thinkers as Elmer Green Raymond Moody William James Aldous Huxley Edith Fiore Martha Rogers Mark Macy Elisabeth Kubler Ross Bruce Lipton and a host of others whose work helps inform our idea of what it is to live and to die As it turns out our best defense against hitchhikers is to live consciously And our best chance of doing that is by paying attention and staying open to possibilities *The Leviathan Factor* Lawrence E. Burkholder, 2017-01-12 The Leviathan Factor tells the incredible story of how Satan created as Lucifer the morning star self transformed into Leviathan God s serpentine arch foe When he tried to achieve immortality by tweaking creation s lowest level laws a sophisticated computer automaton he created death instead As the serpent he reappeared in the Genesis tree of good and evil where he seduced humans to attempt immortality apart from covenant with God Leviathan is responsible for the false belief that we each have an inner divine spark which when reconnected to our ego awakens our true inherent divinity Unfortunately he and his demonic spirits also impact our minds bodies and environment as psi A few of the many markers of these demonic psi are levitation telepathy telekinesis deja vu emotional oppressions poltergeist activities past lives memories voices and visions near death and out of body experiences and trance channeling Many of these psi phenomena are co factors in mind disorders such as schizophrenia or epilepsy Manifestations in Christian circles include false tongues and holy laughter The Leviathan Factor is not a healing how to It is the first book to place demonic evil into the context of creation s basic structures and laws

The Map of the Psyche Timothy R. Nuske, 2013-10. A question that sometimes drives me hazy: am I or are the others crazy? Albert Einstein. For more than half his life, author Tim Nuske thought he was crazy. During a certain ten year period and beyond, he could have fulfilled the diagnostic criteria for at least half of the close to 400 mental disorders described in psychiatry's billing bible, the DSM. Building on these experiences, Nuske presents a thought provoking theory of the mind and how it relates to mental illness, a widespread social concern affecting countless millions. But are such experiences a real biological illness or brain disease? Are they caused by a chemical imbalance or genetic defect? And what does the mind have to do with a mental illness disorder/disease? Following a life changing experience and spiritual awakening, Tim entered university to study psychology, intent on gaining a better understanding of his own madness and the mind, and to help others with what he had learned. *The Map of the Psyche: The Truth of Mental Illness* is the result of four years of research and over a decade of personal experience with mental illness. He had to be mental to map the mind. Psychologists and philosophers have been trying to understand the mind for hundreds of years. Tim mapped it in under three plus a lifetime of prior experience. Offering an alternative to psychiatric labelling and drugging, he shares what he considers to be a more accurate and effective approach to mental health care. The truth is in the psyche. The truth is found within.

The Rite Matt Baglio,2010-06-15 The inspiration for the film starring Anthony Hopkins journalist Matt Baglio uses the astonishing story of one American priest s training as an exorcist to reveal that the phenomena of possession demons the Devil and exorcism are not merely a remnant of the archaic past but remain a fearsome power in many people s lives even today Father Gary Thomas was working as a parish priest in California when he was asked by his bishop to travel to Rome for training in the rite of exorcism Though initially surprised and slightly reluctant he accepted this call and enrolled in a new exorcism course at a Vatican affiliated university which taught him among other things how to distinguish between a genuine possession and mental illness Eventually he would go on to participate in more than eighty exorcisms as an apprentice to a veteran Italian exorcist His experiences profoundly changed the way he viewed the spiritual world and as he moved from rational skeptic to practicing exorcist he came to understand the battle between good and evil in a whole new light Journalist Matt Baglio had full access to Father Gary over the course of his training and much of what he learned defies explanation The Rite provides fascinating vignettes from the lives of exorcists and people possessed by demons including firsthand accounts of exorcists at work casting out demons culminating in Father Gary s own confrontations with the Devil Baglio also traces the history of exorcism revealing its rites and rituals explaining what the Catholic Church really teaches about demonic possession and delving into such related topics as the hierarchy of angels and demons satanic cults black masses curses and the various theories used by modern scientists and anthropologists who seek to quantify such phenomena Written with an investigative eye that will captivate both skeptics and believers alike The Rite shows that the truth about demonic possession is not only stranger than fiction but also far more chilling
