

## CHAPTER 1: The Study of American Government

### I. What is political power?

#### A. Two great questions about politics

1. Who governs: which people govern affects us
2. To which ends: in which ways government affects our lives
3. And then how the government makes decisions on a variety of issues.

#### B. Power

1. Definition: the ability of one person to cause another person to act in accordance with the first person's intentions
2. Text's concern: power as it is used to affect who will hold government office and how government will behave
3. Authority: the right to use power; not all who exercise political power have it
4. Legitimacy: what makes a law or constitution a source of right
5. Struggles over what makes authority legitimate
6. Necessity to be in some sense democratic in the United States today

### II. What is democracy?

#### A. Where the "true interests" of the people are served, whether those people affect the decision making (democratic centralism) or not

1. China
2. Cuba
3. European, Asian, Latin American dictatorships

#### B. Aristotelian "rule of the many" (participatory democracy)

1. Fifth-century B.C. Greek city-state
2. New England town meeting
3. Community control in self-governing neighborhood
4. Citizens participation in formulating programs

#### C. Acquisition of power by leaders via competitive elections (representative democracy)
