Guidelines for the Conduct of Scientific Diving, 1994 **Scuba Compendium** Simon Pridmore, 2021-08-23 Only
available in e book form this is the presentation in one volume of four books in Simon Pridmore's Scuba series Scuba Fundamental Scuba Confidential Scuba Exceptional and Scuba Professional In musical terms Scuba Compendium is a re-mastering and repackaging of the original albums rather than a greatest hits or a Best of compilation The books were written and published over a period of eight years and each book was designed for divers at a particular point in their diving life Listed in the order they were written the audience for Scuba Confidential was the general population of divers Scuba Professional was for those thinking of making a career out of the sport Scuba Fundamental was for non divers and beginners and Scuba Exceptional was for more experienced divers The idea was not to create a series It just turned out that way A number of topics merited inclusion for multiple groups of readers rebreathers and surface safety for example which meant that there was some unavoidable overlap between the individual books In Scuba Compendium the text and chapters have been cleaned up and streamlined to remove any unnecessary repetition and improve continuity Apart from this nothing is missing from the four original books and the only new material is an introductory chapter on the philosophy behind the Scuba series So if you already own all the books in the Scuba series from a content point of view you have no need to buy this one However from a reference point of view some readers may find it an advantage to have these four books in one volume where every word or phrase in the series is easily searchable on an e reader They are arranged here in the order in which they make sense as a series following the path from beginner to diver to experienced diver to expert Scuba Compendium covers the full gamut of the sport diving experience and is a resource that will accompany a scuba diver throughout their career in the sport wherever it takes them to be dipped back into from time to time whenever necessary If you only own one or two books in the series then you may find Scuba Compendium well worthwhile for another reason too For instance if you are not a beginner you may think you don't need to read Scuba Fundamental but many experienced divers have found it useful and entertaining Also Scuba Professional introduces a number of topics such as real risk awareness and constructive paranoia which are just as relevant for amateur divers as they are for professionals Although the title makes it sound as if Scuba Professional is only for instructors this is certainly not the case And of course if you have not yet bought any of these four Scuba series books then this is a great option to buy all of them together with just one click Scuba Fundamental is a great book Simon Pridmore is to be congratulated for this insightful interesting and honest introduction to scuba diving He tells it as it is John Lippmann Divers Alert Network If PADI's Open Water manual is the Bible of scuba diving consider this the

New Testament David Espinosa Editor in Chief Sport Diver magazines I so wish Scuba Exceptional had existed when I was in the early days of my diving life nearly 30 years ago Phil Short explorer and pioneer There is quite simply nothing like Scuba Professional It is the ultimate backstage pass into the business of scuba Jill Heinerth explorer and filmmaker **TM** 5-4220-209-12p Delene Kvasnicka, www.survivablebooks.com, TM 5 4220 209 12p **Sport Diver**, 2000-09 U.S. Navy *Diving Manual: Air diving*, 1993 Scuba Diving Dennis Graver, 2010 Scuba Diving demystifies the complex topics of scuba diving covering topics such as gas laws and the physics and physiology of diving As an added bonus readers will find recommendations on top diving sites around the world and sites ideal for divers at any level **The Ultimate Beginner's Guide To Scuba Diving** Darcy Kieran, 2023-04-13 How to scuba dive How to get my scuba diving certification Start off on the right fin If you are not a diver yet grab this in depth handbook It is everything you need to know about diving and scuba certification in a step by step beginner's guide If you are a newly certified scuba diver and do not yet feel safe comfortable underwater this guide will show you how to become as comfortable underwater as you are when sitting on your couch If you are a scuba diving instructor this reference book will provide a quality framework to use with your open water divers to prepare them for a lifetime of legendary underwater experiences Regardless of your reason for wanting to learn to dive chances are you won't go scuba diving after completing your open water certification Weird right There are holes in the way scuba diving instructors teach and this handbook will lay it bare so you can prepare to learn to dive and get what you need for a lifetime of legendary underwater adventures Recommendations are backed by industry wide surveys that the author shares with you He also explains ISO international scuba diving training standards so you can prepare and know if you are being short changed This step by step handbook to learning to dive covers scuba certification courses dive equipment dive travel with 550 pages of actionable information Should I get a PADI certification or go with another dive training agency How much does it cost to learn to dive How can I save money How can I get comfortable underwater What can I do to feel safe while scuba diving What are the scuba certification levels which ones matter to me Typical mistakes made by people who decide to learn to dive The pitfalls traps in the dive industry How to avoid them Where to take your certification and with whom Selecting a dive instructor dive center dive resort dive boat Your health fitness to dive What dive gear to buy what to rent How to save money by spending on what will actually help you And so much more Most books about scuba diving are written by instructors with good content But Darcy Kieran gives you a 360 degree view from his experience as a scuba diving instructor trainer owner manager of dive shops dive equipment wholesalers dive boats scuba diving university programs and dive resorts This handbook won't teach you how to scuba dive you must get in the water for that But you will know exactly what to do before registering for a scuba certification course The author shares typical mistakes that would cost you time and money and in many cases provide you with such a bad experience that you would want to stop scuba diving This book gives you a chance to learn from others mistakes It will help you understand how the dive industry operates so you can

navigate it to your advantage Do not risk missing out on a lifetime of legendary scuba diving adventures because many dive professionals you ll encounter are not always professional Instead learn how to be the leader of your own adventure
