Horse Trading in the Age of Cars Steven M. Gelber, 2008-10-01 The trading selling and buying of personal transport has changed little over the past one hundred years Whether horse trading in the early twentieth century or car buying today haggling over prices has been the common practice of buyers and sellers alike Horse Trading in the Age of Cars offers a fascinating study of the process of buying an automobile in a historical and gendered context Steven M Gelber convincingly demonstrates that the combative and frequently dishonest culture of the showroom floor is a historical artifact whose origins lie in the history of horse trading Bartering and bargaining were the norm in this predominantly male transaction with both buyers and sellers staking their reputations and pride on their ability to negotiate the better deal Gelber comments on this point of sale behavior and what it reveals about American men Gelber s highly readable and lively prose makes clear how this unique economic ritual survived into the industrial twentieth century in the process adding a colorful and interesting chapter to the history of the automobile

Hybrid Factories in the United States Tetsuji Kawamura, 2011-07-07 This book assesses the transferability of Japanese style management and production systems to 81 factories in North America owned by Japanese companies All of the book s investigations are based on an original methodology hybridization analysis which quantifies the degree to which features of the Japanese system have been transplanted using an elaborate checklist and scoring system With its wealth of data it should serve as a handy reference volume to anyone interested in the issue of international management and the impact of globalization upon production models
