What if we could actually change the world by telling better stories? What if the world we have with its racism, sexism, heterosexism, ableism, religious hatred, ecological disregard is exactly the world we have spun into existence through the stories we have told? In his new book, Melvin Bray insists that a better world is possible if the stories around which we organize our lives begin to match the beauty we imagine is possible. Bray puts forth his own daring yet faithful reimaginings of classic faith stories that inspire more beautiful, more just, more virtue-filled ways of being in the world. *Better* offers a spiritual path on which people for whom life has called into question many of their assumptions about God and the world can continue to hold onto their faith while joining others of goodwill in seeking sustainable, cooperative, and courageous answers to the seemingly intractable problems of our time. **Precipice** Frank V. deGruy, III, Anablist Design + Brand Strategy, 2014-11-11. *Precipice* is written for those interested in the changing healthcare landscape, particularly those working in family medicine departments. *Precipice* describes tough problems the University of Colorado Department of Family Medicine has recently approached and how capabilities have been pushed to the edge of the comfort zone on several issues.
