post conference workshops clearly underscores the event's status as premier international meeting in the domain. It thereby confirms the decision taken by the Constituting Committee of the conference series to take the step forward out of the national cocoons of its precursors ICVS and TIDSE and towards an itinerant platform reflecting its global constituency. This move reflects the desire and the will to take on the challenge to stay on the lookout critically reflect upon and integrate views and ideas, findings and experiences and to promote interdisciplinary exchange while ensuring overall coherence and maintaining a sense of direction. This is a significant enterprise. The challenges sought are multifarious and must be addressed consistently at all levels. The desire to involve all research communities and stakeholders must be matched by acknowledging the differences in established practices and by providing suitable means of guidance and introduction, exposition and direct interaction at the event itself and of lasting and increasingly living documentation of which the present proceedings are but an important part.

Celtic Tales 2 the Sea Jill Whalen, 2004-01-27 Celtic sea people come in as many varieties as there are people. Some are born to the sea; it is in their blood like the Vikings. Some have the seafaring life cast upon them like the men who are pressed into service with a hit on the back of the head. Others are running from life on the land or cast into the sea through no fault of their own. There are merchants, pirates, privateers and raiders. They trade if they can but take what they want. *The Animal Tales Collection – Vol. 2* Sandra Ramos, Jorge A. Driving on the wrong side of the road, paying a small fortune for gas, eating strange foods and dealing with an unfamiliar temperature scale are just the start of Jimmy's and Jake's adventures. Tensions run high after the awards ceremony. Jimmy and Jake see how well connected Barry is within the games industry and know they can't offer him the sort of career and life a talented games developer deserves.
