Nation Fali S. Nariman, 2013-05-01 A definitive analytical and meticulous account of the present state of the nation from a constitutional perspective by one of India's most respected legal luminaries An ardent defender of the Constitution of India Fali Nariman has today attained the status of an outstanding lawyer who strongly believes in the rule of the law and stands by his convictions In this timely volume the author highlights crucial issues that the legislature the executive judiciary the bar and the common people have to deal with virtually on a day to day basis His main focus is on corruption at various levels and in hallowed institutions including the judiciary The author contends that the legislative and executive wings of the government the elected representatives of the people were and are expected to provide for the welfare of the people He points out that they have failed miserably simply because making of laws is not enough applying and enforcing laws which are also the primary duties of the government have left much to be desired Consequently it is the judiciary that tells the government when and how to distribute excess food what crops to grow and what not to grow which economic projects are good for the country and which are not and what fuel should be used in our vehicles and whether 2G 3G licences should be allotted only through auctions The judiciary is hence accused of overreach The contents also throw light on other important subjects such as the implications of reservations for certain sections of the population including minorities the true purpose and significance of the Constitution Centre State relations and whether the Constitution has benefited the common people over the years This is a book that is absorbing as well as thought provoking that will make the readers put on their thinking caps **The Routledge Handbook of the Other Backward Classes in India** Simhadri Somanaboina, Akhileshwari Ramagoud, 2021-11-15 This handbook presents an authoritative account of the development of movements thoughts and policies of OBCs Other Backward Classes in India Despite the adoption of egalitarian principles in the Indian Constitution caste inequalities discrimination and exclusionary practices against people from backward classes and other lower castes continue to haunt them in contemporary India A comprehensive work on the politics of identity and plurality of experiences of OBCs in India this handbook Features in depth research by eminent scholars on the Other Backward Classes OBC social and political thought OBC movements and OBC development and policy making Discusses the life ideologies and pioneering contributions by Gautam Buddha Sant Kabir Jotirao Phule Savitribai Phule Shahu Maharaj Narayana Guru B R Ambedkar Ram Manohar Lohia and E V Ramasamy Periyar and leading social reform movements Examines OBC issues with case

looks at India's colonial past its struggle for independence and its many contemporary conundrums to discover answers to the questions that have confronted India watchers for decades Rejecting much received wisdom including narratives fashioned by India's ruling establishment Meghnad Desai goes back to the beginnings of the East West encounter at the end of the fifteenth century and tracks its impact on the cultures and politics of the present day Through a series of Counterfactual Boxes Meghnad Desai analyses the accepted defining moments of India's past and suggests alternative courses that history could so easily have taken Meghnad Desai draws on a wealth of sources to illuminate India's journey to the twenty first century Whether it is an examination of British parliamentary debates on the question of India's independence or the liberalization of the economy after decades of licence permit raj or the state's complicity in the Gujarat riots Meghnad Desai's original occasionally iconoclastic approach to seemingly settled arguments makes *The Rediscovery of India* a path breaking and comprehensive account of India's past and present **State Terrorism** Grace Pelly, 2009

Includes testimonies of victims of state sponsored terrorism **Provincial Democracy** Rama Sundari Mantena, 2023-08-24 Situated within the context of seismic global transformations of the early twentieth century namely the two World Wars and the crisis of the imperial order Provincial Democracy delves into the period between the decline of empire and the rise of the nation This period the book contends is defined by not only the dominance of the nation state and debates over a new global order but also the expansion of democratic participation in defining and negotiating political futures and an increased use of the language of liberalism political rights and self government in colonial India Moreover it shifts the focus from the dominant narrative of linguistic nationalism as defining regionalism on to debates over questions of representation rights political reforms and federalism Thus it uncovers a broad perspective on political imaginaries that anticipated democracy in independent India *Limits of Islamism* Maidul Islam, 2015-03-09 The book examines the dynamics from the formation of

Islamist politics for the struggle for hegemony to failure to become a hegemonic force in Bangladesh The contradiction between Islamic universalism Islamist populism on one hand and a politics of Muslim particularism in India on the other is revealed in this study **Religious Freedom in India** Goldie Osuri, 2013 Drawing on the critical and theoretical concepts of sovereignty biopolitics and necropolitics this book examines how a normative liberal and secular understanding of India's religious identity is translatable by Hindu nationalists into discrimination and violence against minoritized religious communities Extending these concepts to an analysis of historical political and legal genealogies of conversion the author demonstrates how a concern for sovereignty links past and present anti conversion campaigns and laws The book illustrates how sovereignty informs the making of secularism as well as religious difference The focus on sovereignty sheds light on the manner in which religious difference becomes a point of reference for the religio secular idioms of Bombay cinema for legal judgements on communal violence for human rights organizations and those seeking justice for communal violence This wide ranging examination and discussion of the trajectories of anti conversion politics through historical legal philosophical

popular cultural archival and ethnographic material offers a cogent argument for shifting the stakes and rethinking the relationship between sovereignty and religious freedom The book is a timely contribution to broader theoretical and political discussions of post secularism and human rights and is of interest to students and scholars of postcolonial studies cultural studies law and religious studies

Neoliberalism, Cities and Education in the Global South and North Kalervo N. Gulson, Thomas C. Pedroni, 2016-04-08 Across the world cities are being reshaped in myriad ways by neoliberal forms of globalization a process of urban restructuring with significant implications for educational policy and practices The chapters in this collection speak to two complementary but analytically distinguishable aspects of the interplay between education globalization cities and neoliberalism The first aspect relates to the macro relationships between these powerful global forces on the one hand and cities and their schools on the other In particular the book considers the stratifying dynamics that exacerbate already existing inequalities related to race ethnicity language class and gender inequalities entailing differential access to the city's various resources The second aspect deals with the cultural politics and logics of these changes in the city This recognises that globalization is not simply imposed on the city but rather becomes insinuated into its fabric through the actions and the agency of local actors and social movements Against this backdrop the chapters document how the educational politics of urban contexts in the United States India Canada South Africa and Brazil should be understood as sites in which neoliberal forms of globalization are localised reproduced and potentially contested This book was originally published as a special issue of *Discourse Studies in the Cultural Politics of Education*

Human Rights in a Developing Society, 2005 In Indian context *Political Parties in India* Mr. Rohit Manglik, 2023-12-23 In this book we will study about the party system in India ideology leadership and role of regional and national parties

Bollypolitics Ajay Gehlawat, 2024-03-21 Winner of Best Monograph at the 2025 BAFTSS Awards This book provides an in depth exploration of the evolving landscape of Bollywood cinema in response to recent socio political changes in India including a surge in sectarian violence and the ascent of Hindutva or Hindu nationalism under Prime Minister Narendra Modi's leadership Through a comprehensive analysis of prominent filmmakers and actors like Sanjay Leela Bhansali Kangana Ranaut Akshay Kumar and Anupam Kher Ajay Gehlawat investigates the extent to which their recent works align with key tenets of the Hindutva movement He scrutinizes the growing influence of the Bharatiya Janata Party BJP on film production manifesting in collaborations covering diverse themes from Modi's Clean India initiative to the nation's space exploration endeavors and grand historical epics such as *Padmaavat* 2018 and *Manikarnika* 2019 that seek to reshape Indian history in line with Hindutva ideology Gehlawat goes on to dissect smaller budget films like *Article 15* 2019 and *Shubh Mangal Zyada Saavdhan* 2020 which tackle pressing social issues like caste based violence and homophobia exacerbated by the surge in right wing extremism in India In doing so he elucidates the profound and far reaching impact of Hindutva ideology on Indian cinematic narratives and aesthetics while also considering the broader implications for Indian society as a whole
