S. Army, 2014-12-01 Drill sergeants are the primary trainers of rifle marksmanship in Initial Entry Training IET They are responsible for teaching basic and advanced rifle marksmanship BRM and ARM to all enlisted Soldiers using a crawl walk run training strategy The current BRM training strategy encompasses instruction on the fundamentals of marksmanship grouping and zeroing an M16 M4 series rifle and transitional firing that culminates with a qualification event The ARM training strategy focuses on engaging targets from advanced firing positions in increasingly difficult scenarios and conditions From 2006 to 2010 the Initial Entry Training IET rifle marksmanship program went through numerous changes designed to better prepare the IET Soldier for deployment to Afghanistan or Iraq These changes redefined parts of the Army s marksmanship doctrine and required drill sergeants to relearn techniques and procedures required to implement the new training strategies It was determined there was a need to generate a rifle marksmanship diagnostic and training guide that consolidated the tacit knowledge regarding the techniques that experienced drill sergeants and other expert marksmanship trainers had found to be effective with IET Soldiers These techniques would provide valuable training supplements to the marksmanship field manual      U.S. Army Casework Guide , 2007      Operate Your Rifle Like a Pro - U.S. Army Official Manual U.S. Department of Defense, 2024-01-16 In Operate Your
