Instructions: This study guide should be your first resource in preparing for the National History Bee Regional Finals on the Red Question Set. Most of the facts below are found at some point in the 120 questions that compose the Red Question Set. Thus we have selected these facts for this study guide to help make your preparation easier and more efficient. Remember that the questions are all short paragraphs on a particular topic, so if a topic is referenced below, then it is a good idea to learn a bit more about it on your own than what is listed here (since additional facts about a topic will also be referenced in the question). It is also helpful to read the introduction of a Wikipedia page on a topic to gain additional historical context about why it is significant.

Please also use the [National Capitals Study Guide found here](#) and our past question sets (especially National History Bee Regional Finals questions from past years) [which can be found here](#). Many of the topics that are found in past years' questions will again be found in the questions at this year's Regional Finals, and at the National Championships too. Good luck!
