Bowing to Beijing Brett M. Decker, William C. Triplett, 2011-11-14 While the Obama administration is mired in big government solutions to threats such as global warming, unregulated businesses, and free market healthcare, Obama officials have ignored and compounded the single biggest danger facing the United States: the rising power of communist China. In *Bowing to Beijing*, Brett M. Decker and Bill Triplett cut through the fog of soothing pro-China propaganda to reveal the disturbing truth far from the gradually reforming partner portrayed by its many American apologists. China is an aggressive and rapidly militarizing criminal state feverishly striving to displace America as the world's preeminent power. Shockingly, despite Chinese leaders showing their hostile intentions in every realm, the Obama administration refuses to take action or even acknowledge the threat, and as new evidence indicates, has gone so far as to actively cover up China's misdeeds.

North Korea in Quotation, 2005-06-30 Since the end of World War II, the small country of North Korea has occupied a disproportionate amount of the world's diplomatic and military attention.
