COFFEEMAKER FEATURES AND BENEFITS

Your new Oster® Coffeemaker has the following features:

- **Brewing Capacity – 12 cups** – Glass decanter series
- **Brew Basket with Removable Filter Basket** – The filter basket lifts out for fast and easy cleaning and filling.
- **Permanent Filter** – No need for paper filters.
- **Pause 'n Serve** – Can't wait for the coffee to finish brewing? The Pause 'n Serve feature allows you up to 30 seconds to pour a cup of coffee while the coffeemaker is still brewing. Carefully remove the decanter and the Pause 'n Serve feature will be automatically activated, temporarily stopping the flow of coffee into the decanter.
- **Non-Stick Warming Plate** – This feature allows you to keep your coffee hot after brewing. The non-stick attribute prevents the decanter from sticking to the surface of the warming plate.
- **Auto/On/Off Button** – Lets you know when your coffeemaker is "on". Keeps coffee warm up to 2 hours then automatically shuts off.
- **Additional Programmable Control Features:**
 - **Strong Brew** – Adjusts the brewing time to create a more full-flavored coffee.
 - **Clock** – The LED clock serves as a handy kitchen clock and allows you to set the Delay Brew feature.
 - **Delay Brew** – Would you like to wake up to a fresh pot of coffee? The timer allows you to preset when you would like the coffeemaker to automatically brew your coffee, up to 24 hours in advance.
 - **Two-Hour Auto Shut-Off** – This safety feature keeps your coffee warm for 2 hours after you brew, then automatically turns off.

NOTE: If you have selected any of the operating functions, the coffeemaker will act upon the last operation selected if the power is restored within 10 seconds after a power outage.

Water Level Window – Easily view the amount of water in the reservoir.

Before using your Oster® Coffeemaker

Make sure your first cup of coffee is as good as can be by cleaning your Oster® Coffeemaker before its first use. Just follow these simple steps:

- Wash the decanter, decanter lid, filter basket and the permanent filter in a mixture of mild detergent and water. Rinse each thoroughly (please refer to the parts diagram listed above).
- Replace all the parts and close the lid. Then, run a brew cycle with water only, without adding coffee and coffee filter (see Brewing Coffee Now section).
- When brewing is complete, turn your coffeemaker off, discard the water in the decanter and rinse the decanter, decanter lid, and filter basket.

Your coffeemaker is now ready to use. Enjoy it!
