Environmental Missions Lowell Bliss,2013-10-16 Planting Churches and Trees Environmental Missions defines an emerging category in missions one that takes seriously both the mandate to evangelize the world and the responsibility of caring for God s good earth Lowell Bliss was a traditional church planting missionary in India when his best Hindu friend there died of malaria This was just one of the events that led him to reexamine the politically charged term environment understanding it now as simply that which surrounds those we love those for whom Jesus died In other words the church is called to reach not only vulnerable people but the space in which they live and breathe Pointing to the narrative of Scripture and the history of missions Bliss shows us that the gospel of Jesus Christ is good news for the whole creation that we must unite two traditionally separate endeavors to fulfill the entirety of God s commission and that the challenge of the environmental crises of our day is also one of our greatest opportunities to reach the least reached with the love of Christ

A Field Guide to Happiness Linda Leaming, 2014-10-01 In the West we have everything we could possibly need or want except for peace of mind So writes Linda Leaming a harried American who traveled from Nashville Tennessee to the rugged Himalayan nation of Bhutan sometimes called the happiest place on Earth to teach English and unlearn her politicized and polarized energetic and impatient way of life In Bhutan if I have three things to do in a week it's considered busy In the U S I have at least three things to do between breakfast and lunch After losing her luggage immediately upon arrival Leaming realized that she also had emotional baggage a tendency toward inaction a touch of self absorption and a hundred other trite stupid embarrassing and inconsequential things that needed to get lost as well Pack up ideas and feelings

that tie you down and send you lead footed down the wrong path Put them in a metaphorical suitcase and sling it over a metaphorical bridge in your mind Let the river take them away Forced by circumstance and her rustic surroundings to embrace a simplified life Learning made room for more useful beliefs The thin air and hard climbs of her mountainous commute put her deeply in touch with her breath helping her find focus and appreciation The archaic glacially paced bureaucracy of a Bhutanese bank taught her to go with the flow and take up knitting The ancient ritual of drinking tea brought tranquility friendship and eventually a husband Each day and each adventure in her adopted home brought new insights and understandings to take back to frantic America where she now practices the art of simulating Bhutan This collection of stories impressions and suggestions is a little nudge a push a leg up into the rarefied air of paradise of bright sunlight and beautiful views

Constants in Context Stephen B. Bevans, Roger P. Schroeder, 2004-01-01 Mission is handicapped without a sound biblical theology of mission and an understanding of the history of mission leading up to our current context *Constants in Context* offers both of these elements It is mission theology in historical perspective and or a history of mission that is grounded theologically The authors describe it as a systematic theology with mission at its core and a church history shaped by the constant but always contextual Christian traditions Furthermore it is a constructive contribution to how mission theology needs to be practical and lived out through today's church and in our world Written collaboratively by Roman Catholic writers Stephen Bevans and Roger Schroeder both Missionaries of the Divine Word SVDs It is a particularly insightful in regard to the history and the various streams of Catholic mission but it also addresses and learns from the other traditions of the church In fact one of the book's strengths is its attention to neglected aspects and hidden stories of church and mission history As a result it is gratifying to be inspired by non European mission women in mission and various forgotten or often ignored branches of the church The book is in three sections first there is a framework for cultural contexts and theological constants second an in depth exploration of historical stages and different models for mission and third a presentation of theological frameworks for mission The third section concludes with a case for mission as prophetic dialogue being the most appropriate model for 21st century mission Amazon.com

The Possibility of an Absolute Architecture Pier Vittorio Aureli, 2011-02-11 Architectural form reconsidered in light of a unitary conception of architecture and the city In *The Possibility of an Absolute Architecture* Pier Vittorio Aureli proposes that a sharpened formal consciousness in architecture is a precondition for political cultural and social engagement with the city Aureli uses the term absolute not in the conventional sense of pure but to denote something that is resolutely itself after being separated from its other In the pursuit of the possibility of an absolute architecture the other is the space of the city its extensive organization and its government Politics

is agonism through separation and confrontation the very condition of architectural form is to separate and be separated Through its act of separation and being separated architecture reveals at once the essence of the city and the essence of itself as political form the city as the composition of separate parts Aureli revisits the work of four architects whose projects were advanced through the making of architectural form but whose concern was the city at large Andrea Palladio Giovanni Battista Piranesi tienne Louis Boull e and Oswald Mathias Ungers The work of these architects Aureli argues addressed the transformations of the modern city and its urban implications through the elaboration of specific and strategic architectural forms Their projects for the city do not take the form of an overall plan but are expressed as an archipelago of site specific interventions
