

INTERNATIONAL WARRANTY

3

Your TAG Heuer chronograph has been made in line with authentic Swiss watchmaking traditions and has been individually tested to check its water-resistance and to ensure that it is in perfect working order. Nevertheless, your watch is covered by an international warranty, valid for two years from its date of purchase, against any defect in workmanship.

An international warranty card should be located in this warranty booklet accompanying the watch, duly completed at the time of purchase by the authorized TAG Heuer dealer, proving the date and location of the purchase.

Issued by TAG Heuer SA, this warranty is accepted by all TAG Heuer Official Service Centers in over 100 countries throughout the world, provided that:

- the international warranty card has been signed and dated at the time of purchase by an authorized TAG Heuer dealer;
- the card is provided with the watch when it is sent for repair;
- the serial number engraved on the case is clearly legible, and no part of the underside of the original case or the original number is missing or has been modified, falsified, altered, replaced, erased, defaced or made illegible.

Failure to respect these conditions renders all rights resulting from the TAG Heuer international warranty null and void.

Only TAG Heuer SA or its Official Service Centers will decide at its sole discretion, to repair or replace any TAG Heuer timepiece under this international warranty.

A number of recommendations are given below for the use and maintenance of your TAG Heuer watch; please read them carefully as the warranty will become invalid in the event of incorrect use or treatment. Be sure notably that the crown is fully screwed down after adjusting for day, date or time to ensure water-resistance. Damage resulting from service provided anywhere other than at a TAG Heuer Official Service Center is not covered and shall void the warranty. The limited warranty does not cover bracelets, crystals or batteries, or any damage to the case or movement caused by moisture.
