The Status of Student Involvement in University Governance in Kenya M. Mulinge, N. Arasa, 2017-05-05 This book examines the concept of the democratization of governance in universities in Kenya with particular emphasis on students involvement in governance processes and decision making Data were collected from members of the student community utilizing a structured self administered questionnaire and from purposively selected key informants and focus group discussants drawn from Kenyatta University representing the public sector and the United States International University representing the private sector The guiding argument for the study was that shared governance one of the principles of good governance is critical in enabling the universities to deliver their visions and the missions effectively The results revealed that while in principle Kenyan universities have embraced democratic governance in which all stakeholders including students have a role to play in practice they continue to violate the core principles of good governance particularly shared governance Specifically students who are major stakeholders in university education are largely excluded from significant structures of governance thereby limiting their influence and participation Although their representation is mainly provided via student self governance organs unions associations and or councils their effectiveness is undermined considerably by the lack of trust and confidence of the student body and the unending manipulation by top university administrators and external political actors Student active involvement in decision making is mainly confined to lower levels such as the school faculty and departmental programme The authors call for a paradigm shift in the involvement of students in the governance of universities in ways that discourage the current culture of tokenism and political correctness that characterizes public and private universities in Kenya

Hawa Noor, 2024-08-05 This book focuses on the involvement of some Kenyans in al Shabaab an affiliate of Al Qaeda based in Somalia despite their country s relative stability compared to Somalia It discusses the origin of the Kenyan state and how

colonization created social stratification that benefited elites closer to the center while excluding marginalized groups at the periphery The argument is that this pattern still prevails despite attempts to enhance equality such as the adoption of a new constitution in 2010 promoting the devolution of power and resources The persistence of this condition it is argued is what initially handed al Qaeda and later al Shabaab opportunities for mobilization enabled by its creative politicization of religion The heavy handed tactics employed by security forces under the auspices of the War on Terror further catalyzed this process resulting in more Kenyan individuals joining the group Using an historical and political process approach the book shows how the interplay of structural conditions and al Shabaab s mobilization strategy linked with individuals motivations for joining the group Based on individuals own narratives about their participation the latter is empirically demonstrated to be non linear incorporating motivations beyond rational ones contrary to the overemphasis on ideology in the literature on participation in groups similar to al Shabaab This book will of much interest to students of political violence African politics Islamic studies and International Relations Kenya National Assembly Official Record (Hansard) ,1996-07-23 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya **Kenya National Assembly Official Record (Hansard)** ,1996-07-23 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya **An Examination of Factors Relating to the Effective Implementation of Agriculture Curriculum in Secondary Schools in Uganda** Wilson Amodoi,1982 **Anglican Theology** Stephen Burns,2024-06-30 It is now widely acknowledged that Anglicanism far from being centred on western contexts is a worldwide phenomenon with some of its liveliest corners located in the global south Yet the Anglican theology which is taught in institutions is still focused overwhelmingly on a handful of British and North American voices By exploring the work of eighteen tricontinental and marginalized Anglican theologians this book begins to correct widespread bias in Anglican theology towards Britain and North Atlantic contexts The chapters it gathers consider the methods concerns and contributions to Anglican thinkers from Africa Asia Pasifika South America and eastern European settings amongst minoritized migrants to North Atlantic countries Chapters include Esther Mombo on Jenny Te Paa Daniel Michael Jagessar on Mukti Barton and Keun Joo Christine Pae on Kwok Pui lan *Report for the Period ...* National Museum of Kenya,1979 **Report from ...** National Museums of Kenya,1979 The Weekly Review ,1985 Rural Development Abstracts ,1990 The East African Medical Journal ,1984 *examination results* Weston-super-Mare Technical College, **University examination results** , *Matriculation Examination, Results, Reports and Papers* McGill University,19?? **Examination Results** School Hutchins, Many loose sheets of results tucked inside *Annual Report* College Entrance Examination Board,1943 **Higher Secondary and Secondary School Certificate Examination Results, 1968** ,1971 **Supplement to the**
