The Virtuous Orphan ; Or, The Life of Marianne, Countess of ***** Pierre Carlet de Chamblain de Marivaux,1784

The Diary Samuel Pepys,2019-08-21T18:40:45Z Pepys Diary is a decade long snapshot of the life of an up and coming naval administrator in mid 17th century London In it he describes everything from battles against the Dutch and the intrigues of court to the plays he saw his marital infidelities and the quality of the meat provided for his supper His incredibly frank observations have proved invaluable in establishing an accurate record of the daily life of the people of London of that period Pepys eventually stopped keeping the diary due to progressive deterioration of his eyesight fearing that continuing to

write would worsen the condition He did consider employing an amanuensis to transcribe future entries for him but worried that the content he wanted written would be too personal Luckily for Pepys his eyesight difficulties never progressed to blindness and he was able to go on to become both a Member of Parliament and the President of the Royal Society but he never resumed his diarism After Pepys death he left his large library of books and manuscripts first to his nephew which was then passed on to Magdalene College Cambridge where it survives to this day The diary originally written in a shorthand was included in this trove and was eventually deciphered in the early 19th century and published by Lord Baybrooke in 1825 This early release censored large amounts of the text and it was only in the 1970s that an uncensored version was published Presented here is the 1893 edition which restores the majority of the originally censored content but omits a few passages which cannot possibly be printed The rich collection of endnotes serves to further illustrate the lives of the people Pepys meets and the state of internal politics and international relations during the English Restoration This book is part of the Standard Ebooks project which produces free public domain ebooks
