Fee and the others returned to Berea in 1864 and reestablished the institution still committed to educating Appalachia's most vulnerable populations. In *Lessons from the Foothills*, Gretchen Dykstra profiles modern Berea College with its rich and beloved history. This book is the first to focus on contemporary Berea and its eight Great Commitments: the principles and practices that provide clear aspirations for the college and its community. Each chapter functions as a deep dive into the history, practice, and significance of one Great Commitment: from providing opportunity for the most marginalized to the college's high academic standards and its commitment to environmental sustainability. The college has pledged to provide an educational opportunity for students of all races, primarily from Appalachia, who have great promise and limited economic resources. To achieve this goal, the college eliminated tuition in 1892 and it also provides jobs for students to assist with living expenses. Drawn from interviews with a range of members of the Berea community, including alumni, students, faculty, and staff, *Lessons from the Foothills* is an engaging portrait of a unique and historic institution and its enduring commitment to nurture and support academic excellence and service.
