Stand on Zanzibar John Brunner, 1968 In a society populated by mass marketed psychedelics and eugenics where everyone was struggling for life Donald Hogan was a mild mannered student a dilettante intellectual at least that s what everybody was supposed to think But he was really a spy **The American Scholar** William Allison Shimer, 1976

Recording for the Blind & Dyslexic, ... Catalog of Books , 1996 **Billboard** , 1947-08-02 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **The Shockwave Rider** John Brunner, 2011-09-29 He was the most dangerous fugitive alive but he didn t exist Nickie Haflinger had lived a score of lifetimes but technically he didn t exist He was a fugitive from Tarnover the high powered government think tank that had educated him First he had broken his identity code then he escaped Now he had to find a way to restore sanity and personal freedom to the computerised masses and to save a world tottering on the brink of disaster He didn t care how he did it but the government did That s when his Tarnover teachers got him back in their labs and Nickie Haflinger was set up for a whole new education First published in 1975

Polymath John Brunner, 2011-09-29 Colonising a new planet requires much more than just settling on a newly discovered island of Old Earth New planets were different in thousands of ways different from Earth and from each other Any of those differences could mean death and disaster to a human settlement When a ship filled with refugees from a cosmic catastrophe crash landed on such an unmapped world their outlook was precarious Their ship was lost salvage had been minor and everything came to depend on one bright young man accidentally among them He was a trainee planet builder It would have been his job to foresee all the problems necessary to set up a safe home for humanity But the problem was that he was a mere student and he had been studying the wrong planet First published 1974 **Meeting at Infinity** John Brunner, 2011-09-29 Allyn Vage was once a beautiful woman but due to an accident which may have been a murder attempt she was now a hopeless cripple burned and disfigured and without the senses of sight hearing smell taste and touch When they brought her to Jome Knard that noted physician had no choice but to employ a certain apparently miraculous device incomprehensible even to him to keep her immobile body alive and to restore and regulate her sensory perception This strange machine had been imported from a seemingly primitive people on the world of Akkilmar They had allowed it to be exported but there was something about it they couldn t or wouldn t explain Little did either the doctor or his patient realize that between them they had now become the lever that could topple a world First published 1961 **More Things in Heaven** John Brunner, 2011-09-29 A revised version of THE ASTRONAUTS MUST NOT LAND 1963 It isn t every day that the impossible happens But when it does and you re a witness you have to start looking for answers The authorities won t talk So you decide to find out for yourself That s what Drummond did And when he found out it changed the universe

Timescoop John Brunner,2011-09-29 A Pandora's box of evil Freitas had commanded the engineers of his vast world wide empire to build him a device that could ransack the past Now all the riches of the ages were his for the taking But mere wealth was not what Freitas was after Supreme power was what he sought and from the past he picked the men and women who could help him gain absolute mastery over his rivals But one thing he had not reckoned on the power these creatures from the past would have over him the reign of terror about to begin

Web of Everywhere John Brunner,2011-09-29 He was The Visitor in a society revolutionised and troubled by a transportation device that let you walk through a door and be anywhere in the world instantly He was The Visitor at a time when unauthorised travel had caused the violent deaths of countless millions and the survivors were quaking in fear He was The Visitor in a world where the invasion of privacy was the ultimate crime and where his obsession with visiting places where he had no right to be led him on a perilous adventure towards his own destruction

I Speak for Earth John Brunner,2011-09-29 One citizen of your planet shall go to the capital of the Federation of Worlds He shall live there for thirty days If your representative can survive and demonstrate his ability to exist in a civilized society with creatures whose outward appearance and manner of thinking differ from his own you will pass the test You will be permitted to send your starships to other planets of the galaxy If he fails the test if prejudice fear intolerance or stupidity trip him up then your world will be sealed off from the stars for ever This was the ultimatum from space The task before the world then was who shall go What man or woman could be found to take this frightening test for the whole of humanity and be certain not to fail First published 1961

The Super Barbarians John Brunner,2011-09-29 The Acre was the only part of an entire world where Earthmen were allowed to live as they pleased and as they were accustomed For elsewhere on Quallavarra humanity was forced into servitude by the Vorra THE SUPER BARBARIANS who has somehow managed to conquer space But within the Acre the underling Terrestrials had cooked up a neat method of keeping their conquerors from stamping them out altogether They had uncovered a diabolical Earth secret the Vorra couldn't abide and yet couldn't do without

The World Swappers John Brunner,2011-09-29 The inhabited galaxy was caught in the crushing vice of a struggle for power The political titans of the planets of mankind were making their bids for supremacy The contestants Cornice man of strange powers authority in the spheres of the intellect and Bassett man of money power financial and business wizard As the association of human worlds drew near the teetering edge of internal revolutions one of these men would be in a position to triumph The only thing that neither side could foresee was that there were Others hovering among the stars looking for new worlds to conquer First published 1959

Sanctuary in the Sky John Brunner,2013-08-29 A cold war among the stars was growing hotter by the minute As Pag and Cathrodyne struggled for domination a hot war threatened which would rend and annihilate whole planetary systems The two master races would have consumed one another long ago but for one single factor Waystation It was a stupendous synthetic world famed throughout this galaxy For Waystation was controlled by a neutral people and until the greater powers could seize this strategic wonder

planet and ferret out its secrets they were doomed to fretful inactivity But as a Cathrodyne vessel drew near to Waystation the all important balance of power stood in sudden peril The ship in itself was routine But on board was a stranger a man of undiscovered race who spoke too little and it appeared knew too much **Born Under Mars** John Brunner,2011-09-29 When mankind colonized the stars they travelled out from Earth in two directions to Centaurus and its Southern Hemisphere neighbours and to Ursa Major and the constellations around Polaris And strange to say the humans who settled on those various worlds began to develop into two differing antagonistic types For Ray Mallin born under the surface of Mars in the sparse colony of Earth s inhospitable old neighbour neither the anarchic bears nor the autocratic Centaurs commanded his loyalty So when secret agents of both galactic groupings suddenly focus their unwelcome attention on his most recent star piloting mission he knew only that something of vast significance was up and that he unknowingly was the key to it

Quicksand John Brunner,2011-09-29 She appeared in our world naked defenceless unable to say a word anyone could understand Her origin was at first simply a puzzle then a scientific enigma and finally a series of terrifying surmises that her most fascinated investigator was afraid to probe But probe he must for somehow he knew that this strange girl was a key to the kind of information science had sought for centuries But the more he uncovered from the depths of her mind the deeper became the quicksand into which his own was sinking First published 1967 **The Ladder in the Sky** John

Brunner,2011-09-29 The man in black picked up something which had been leaning beside him A ring perhaps two feet wide yet when the man in black laid it down on the floor it was as large as he was tall The light went out A bluish glow now emanated from the ring revealing Bryda s face ghastly gray as she leaned forward and Yarco s also set and serious and the conjurer s impassive And within the ring where moments before there had been the bare planks of the floor a shape that moved and opened eyes glowing like coals and spoke What world is this the awful voice inquired First published 1962

Age of Miracles John Brunner,2013-03-18 When suddenly all the fissionable material on Earth was exploded Earthmen had their first notice of the aliens arrival And by the time the panic death and chaos had been sorted out reports were coming in about mysterious cities scattered across the face of the planet huge areas of flickering light and awesome free energy disorienting to human senses and impregnable to attack The question was were they alien bases or something else **To Conquer Chaos** John Brunner,2011-09-29 The barrenland lay on the face of the world like a sore nearly round more than three hundred miles in circumference It had been there so long that it was endured as were the twisted monsters that wandered out of the barrenland and killed Conrad living on the edge had visions of a time when the barrenland was a rich region full of powerful magical people people who travelled to other worlds He was ruled by a burning need to know what none could tell him the explanation of the mysterious visions which had plagued him all his life Then he met Jervis Yanderman a soldier who knew of these visions Yanderman was convinced there was an island in the barrenland where people still clung to life And Yanderman knew that a man had come out of it within living memory First published in 1964

The Skynappers John Brunner, 2013-07-25 When Ivan Wright stepped out of his mountain cabin rifle in hand to investigate the sound of a strange helicopter he stepped right into the middle of a galactic crisis For the crew of that odd aircraft were not men such as he d ever seen before and when he tried to oppose them he found himself hurled uncontrollably into oblivion He awoke to find himself considered as a kidnapped barbarian from a backward planet in a galaxy of advanced civilizations yet one who somehow held in his own hands the key to all their futures
