attractive cities in Europe due to its rich history and delightful cuisine Due to this many travelers visit Prague for holidays or on a business purpose Czech Republic attracts foreigners by the cheap alcohol and attractive weather As the research shown people in the Czech Republic are not willing to organize many events not because it cost too much but because people do not like to waste their money for that kind of things If they do so they do it for a purpose On the other hand foreigners especially the UK and U S citizens are most likely to visit Prague and organize their events

Hotel Design, Planning and Development Richard H. Penner, Lawrence Adams, Walter Rutes, 2013-05-07 Hotel Design Planning and Development presents the most significant hotels developed internationally in the last ten years so that you can be well informed of recent trends The book outlines essential planning and design considerations based on the latest data supported by technical information and illustrations including original plans so you can really study what works The authors provide analysis and theory to support each of the major trends they present highlighting how the designer's work fits into the industry's development as a whole Extensive case studies demonstrate how a successful new concept is developed Hotel Design Planning and Development gives you a thorough overview of this important and fast growing sector of the hospitality industry

A Meeting Planner's Guide to Catered Events Patti J. Shock, John M. Stefanelli, 2008-10-20 Food and beverage is the largest portion of a meeting budget but most meeting and event planners have no formal background in purchasing and managing this expense This guide helps event meeting and convention planners save money negotiate contracts deal with catering managers and successfully manage the food and beverage aspect of their event Covering everything from styles of service to on premise and off premise considerations to food and beverage contract negotiation this book is a comprehensive and accessible reference for event planners and students

Slavery and Liberation in Hotels, Restaurants and Bars Conrad Lashley,2020-10-06 This is the first book to explore workforce slavery and liberation together within commercial hotel restaurant and bar activities the hospitality industry being particularly vulnerable to potential illegal action and reputational damage via involuntary involvement in human trafficking and sexual exploitation Slavery is the most oppressive form of labour exploitation and is illegal in Western Europe and most of the industrialised world On the other hand neo slavery oppresses the powerless through low pay and employment practices that predominantly serve the interests of the employer This book explores the most exploitative forms of slavery neo slavery and human trafficking in the hotel industry and offers insights into empowerment through liberative trade unions and worker co operatives The study s multifaceted cross cultural approach includes in depth chapters on Brazil and the Netherlands as well as a multitude of examples from the UK exposing the topic as an international problem Written by international specialists this significant book will appeal widely to upper level students and researchers in hospitality and specifically to all those interested in human resource management in the hospitality and hotel industry as well as human rights issues and business ethics

Lean Production for Competitive Advantage John Nicholas,2018-03-15 Lean Production for Competitive Advantage A Comprehensive Guide to Lean Methodologies and Management Practices Second Edition introduces Lean philosophy and illustrates the effective application of Lean tools with real world case studies From fundamental concepts to integrated planning and control in pull production and the supply chain the text provides a complete introduction to Lean production Coverage includes small batch production setup reduction pull production preventive maintenance standard work as well as synchronizing and scheduling Lean operations Detailing the key principles and practices of Lean production the text also Illustrates effective implementation techniques with case studies from a range of industries Includes questions and completed problems in each chapter Explains how to effectively partner with suppliers and employees to achieve productivity goals Designed for students who have a basic foundation in production and operations management the text provides a thorough understanding of the principles of Lean It also offers practical know how for implementing a culture of continuous improvement on the shop floor and in the office creating a heightened sense of responsibility in all stakeholders and enhancing productivity and efficiency to improve the bottom line In this second edition the author addresses management s role in Lean production Early observers of Japanese methods focused on the shop floor to see amazing things unlike anything practiced elsewhere And the thinking was if the methods could be adopted by companies elsewhere those companies would

experience the success of the Japanese What the early observers hadn't considered were dramatic differences in the way those companies were managed both daily and strategically The management side of Lean production is addressed in two new chapters one devoted to daily management the other to strategy deployment Additionally there is a new chapter that addresses breakthrough improvement and an approach to achieving it called Production Preparation Process Every chapter has been revised and expanded to better tell the story of Lean production its history applications practices and methods

Time-saver Standards for Building Types Joseph De Chiara, 2001 Covers structures and places as diverse as residences museums libraries and theaters hospitals and nursing homes churches air and truck terminals retail shops restaurants hotels industrial parks playgrounds and arenas This is a worthy competitor to Architectural graphic standards It is illustrated with hundreds of plans diagrams tables and schematics which help in the design of more functional meaningful and interesting buildings De Chiara and Callender provide detailed information on the essential components of each building type emphasizing the characteristic functions involved This edition offers new information on facilities for such purposes as education justice and correction entertainment health and sports and recreation The book features special sections on housing for the elderly and the handicapped including access for the handicapped to public and government buildings
