The thought of leaving your child in the care of a stranger can seem daunting, but it doesn't have to be that way. With compassion and clarity, *The Nanny Manual* takes parents on a journey of self-discovery through their heart, soul and mind to help them with one of the most important hiring decisions they'll ever make. The book begins by covering a variety of explanations and previous treatments for voyeurs, including learning

theories and the aversive treatments that they give rise to It then moves on to focus on one specific case study a young man who has exhibited diversity in his voyeuristic offending before examining relevant details of his experiences in order to develop a formulation of his thinking and behaviour The formulation and resultant intervention are clearly and accessibly presented followed by a discussion of how this case provides direction for further research developments in our theoretical basis for understanding voyeurism and directions for assessment and intervention *Books In Print 2004-2005* Ed Bowker Staff,Staff Bowker, Ed,2004 *F & S Index United States Annual* ,2006 **The University of Chicago Magazine** ,1995
