Seligman,2014-09-18 Aprende a superar tu pesimismo y transforma definitivamente tus pensamientos negativos Es usted optimista o pesimista Como se siente si un amigo le dice que hiere sus sentimientos Con qu frecuencia se embarca en nuevos e interesantes proyectos o celebra sus exitos El psicologo Martin E P Seligman uno de los expertos mundiales en la llamada psicologia positiva le ense a ahora a explorar una nueva vision de la vida con un optimismo flexible En esta guia basada en veinte años de investigacion clinica el doctor Seligman presenta técnicas sencillas de aplicar que ya han ayudado a miles de personas a superar su pesimismo y la tristeza que acompaña a los pensamientos negativos Aprenda optimismo contiene asimismo tests que le revelaran cuales son sus niveles de optimismo y pesimismo en la actualidad asi como técnicas garantizadas para transformar definitivamente los pensamientos negativos y desembarazarse del sentimiento de derrota **Becoming Biliterate** Bertha Perez,2003-10-03 This book describes the development process and dynamics of change in the course of implementing a two way bilingual immersion education program in two school communities The focus is on the language and literacy learning of elementary school students and on how it is influenced by parents teachers and policymakers Perez provides rich highly detailed descriptions both quantitative and qualitative of the change process at the two schools involved including student language and achievement data for five years of program implementation that were used to test the basic two way bilingual theory the specific school interventions and the particular classroom instructional practices The contribution of Becoming Biliterate A Study of Two Way Bilingual Immersion Education is to provide a comprehensive description of contextual and instructional factors that might help or hinder the attainment of successful literacy and student outcomes in both languages The study has broad theoretical policy and practical instructional relevance for the many other U S school districts with large student populations of non native speakers of English This volume is highly relevant for researchers teacher educators and graduate students in bilingual and ESL education language policy linguistics and language education and as a text for master's and doctoral level classes in these areas **Rethinking Value-Added Models in Education** Audrey Amrein-Beardsley,2014-04-24 Since passage of the No Child Left Behind Act in 2001 academic researchers econometricians and statisticians have been exploring various analytical methods of documenting students academic progress over time Known as value added models VAMs these

methods are meant to measure the value a teacher or school adds to student learning from one year to the next To date however there is very little evidence to support the trustworthiness of these models What is becoming increasingly evident yet often ignored mainly by policymakers is that VAMs are 1 unreliable 2 invalid 3 nontransparent 4 unfair 5 fraught with measurement errors and 6 being inappropriately used to make consequential decisions regarding such things as teacher pay retention and termination Unfortunately their unintended consequences are not fully recognized at this point either Given such the timeliness of this well researched and thoughtful book cannot be overstated This book sheds important light on the debate surrounding VAMs and thereby offers states and practitioners a highly important resource from which they can move forward in more research based ways 51st Yearbook of the National Reading Conference Diane L.
