Starcraft Technical Manual:

StarCraft Field Manual Rick Barba, 2015-11-17 Blizzard Entertainment's StarCraft saga has captivated millions of players worldwide since its release in 1998. A genre-defying military strategy and sci-fi adventure, StarCraft has enthralled gamers with its immersive gameplay and thrilling storyline chronicling the battle between the scrappy Terrans, the mystifying Protoss, and the terrifying Zerg Swarm. The StarCraft II Field Manual draws on more than a decade's worth of lore to create an all-encompassing collector's item for fans. Presented as an official Dominion Marine Corps issued combat handbook that has been misplaced by its owner, the book pairs stunning original illustrations and propaganda posters with an engaging narrative that showcases the vital statistics, origins, and history of each unit, vehicle, and building. From an analysis of Zerg infestation to the Dominion's tactical recommendations for what to do upon encountering a Colossus, Run the StarCraft II Field Manual covers everything a grunt in the embattled Koprulu sector needs to know.
