Start Smart Treasures First Grade:

School Smart Parent Gene I. Maeroff, 2012-05-02 A commonsense book that helps parents help their children get the most out of learning and school by indicating what should be happening at given levels of the child's education FROM CHAPTER ONE And so it is clear that the more parents can do to help their children reach full potential in school the more likely the children are to find fulfillment in the competitive era ahead This is a book meant to help parents achieve that goal it is a blueprint for success Parents must start early to groom their children for school By the time a child is three years old a substantial portion of his or her intelligence has already developed And by the age of six according to some experts the child's whole future is determined *Teacher Evaluation as Cultural Practice* María del Carmen Salazar, Jessica

Lerner, 2019-01-21 Moving beyond the expectations and processes of conventional teacher evaluation this book provides a framework for teacher evaluation that better prepares educators to serve culturally and linguistically diverse CLD learners Covering theory research and practice Mar a del Carmen Salazar and Jessica Lerner showcase a model to aid prospective and practicing teachers who are concerned with issues of equity excellence and evaluation Introducing a comprehensive five tenet model the book demonstrates how to place the needs of CLD learners at the center and offers concrete approaches to assess and promote cultural responsiveness thereby providing critical insight into the role of teacher evaluation in confronting inequity This book is intended to serve as a resource for those who are committed to the reconceptualization of teacher evaluation in order to better support CLD learners and their communities while promoting cultural competence and critical consciousness for all learners *Timeless Treasures* Inder Saini MD Pediatrician, 2012-08 To achieve greatness in

this life we need to have a vision a goal When we are aware of our ancestors and our cultural heritage we have a starting point a real sense of where our lives began We came to this country by our own will with a rich culture from India We struggled but worked hard with endless determination to be financially secure in this new country We overcame many challenges and obstacles After forty four years of living in this wonderful country and having two generations of our family growing up here I now realize that our children are not fully aware of the vast richness and glorious heritage of our ancestors I believe that my generation is the only living link between our past in India and our future in the United States It becomes my duty to collect all the information I can so that I can share it with my children Please join me in this autobiography where I share my life's struggles successes and secrets throughout my personal and financial life I hope this inspires my children grandchildren and future members of our family to dream bigger and achieve great things in their lives *One Hundred Easy Scripture Lessons from the Gospels ...
