Departmental reports International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America. Constitutional Convention,1966 *Hearings* United States. Congress. House. Committee on Education,1950

Reports and Documents United States. Congress, Not Automatic Sol Dollinger, Genora Johnson Dollinger, 2000-05 Sol Dollinger's remembrance of UAW's early days are juicy and provocative His recall of those goofy internecine political battles within the union is tragic comic Yet they united even though hollering at each other made GM Ford et al recognize the union The sequence involving Genora Johnson Dollinger the heroine of the 1937 sit down strike is deeply moving and inspiring Studs Terkel Should be read by every labor person who takes the principles of trade union history seriously Brings the history of the UAW up for a new survey of the events to include the men and women who would otherwise be unsung heroes or written out of history totally David Yettaw President UAW Buick Local 599 1987 1996 This story of the birth and infancy of the United Auto Workers told by two participants shows how the gains workers made were not easy or inevitable not automatic but required strategic and tactical sophistication as well as concerted action Sol Dollinger recounts how workers especially activists on the political left created an auto union and struggled with one another over what shape the union should take In an oral history conducted by Susan Rosenthal Genora Johnson Dollinger tells the gripping tale of her role in various struggles both political and personal **Hearings** United States. Congress. House,1950 Daily Labor Report ,1974

The UAW's Southern Gamble Stephen J. Silvia, 2023-05-15 The UAW's Southern Gamble is the first in depth assessment of the United Auto Workers efforts to organize foreign vehicle plants Daimler Chrysler Mercedes Benz Nissan and Volkswagen in the American South since 1989 an era when union membership declined precipitously Stephen J Silvia chronicles transnational union cooperation between the UAW and its counterparts in Brazil France Germany and Japan and documents the development of employer strategies that have proven increasingly effective at thwarting unionization Silvia shows that when organizing unions must now fight on three fronts at the worksite in the corporate boardroom and in the political realm The UAW's Southern Gamble makes clear that the UAW's failed campaigns in the South can teach hard won lessons about challenging the structural and legal roadblocks to union participation and effectively organizing workers within and beyond the auto industry

American Labour's Cold War Abroad Anthony Carew, 2018-09-21 During the Cold War American labour organizations were at the centre of the battle for the hearts and minds of working people At a time when trade unions were a substantial force in both American and European politics the fiercely anti communist American Federation of Labor Congress of Industrial Organizations AFL CIO set a strong example for labour organizations overseas The AFL CIO cooperated closely with the US government on foreign policy and enjoyed an intimate if sometimes strained relationship with the CIA The activities of its international staff and especially the often secretive work of Jay Lovestone and Irving Brown whose biographies read like characters plucked from a Le Carr novel exerted a major influence on relationships

in Europe and beyond Having mastered the enormous volume of correspondence and other records generated by staffers Lovestone and Brown Carew presents a lively and clear account of what has largely been an unknown dimension of the Cold War In impressive detail Carew maps the international programs of the AFL CIO during the Cold War and its relations with labour organizations abroad in addition to providing a summary of the labour situation of a dozen or more countries including Finland France Italy Germany Japan Greece and India American Labour s Cold War Abroad reveals how the Cold War compelled trade unionists to reflect on the role of unions in a free society Yet there was to be no meeting of minds on this and at the end of the 1960s the AFL CIO broke with the mainstream of the international labour movement to pursue its own crusade against communism

Auto Pact Dimitry Anastakis,2005-01-01 The 1965 Canada United States Automotive Trade agreement fundamentally reshaped relations between the automotive business and the state in both countries and represented a significant step toward the creation of an integrated North American economy Breaking from previous conceptions of the agreement as solely a product of intergovernmental negotiation Dimitry Anastakis s Auto Pact argues that the big three auto companies played a pivotal role and benefited immensely in the creation and implementation of this new automotive regime With the border effectively erased by the agreement the pact transformed these giant enterprises into truly global corporations Drawing from newly released archival sources Anastakis demonstrates that for Canada s automotive policy makers continentalism was a form of economic nationalism Although the deal represented the end of any notion of an indigenous Canadian automotive industry significant economic gains were achieved for Canadians under the agreement Anastakis provides a fresh and alternative view of the auto pact that places it firmly within contemporary debates about the nature of free trade as well as North American and indeed global integration Far from being a mere artefact of history the deal was a forebearer to what is now known as globalization

Committee on Education and Labor,1965 Hearings, Reports and Prints of the Senate Committee on Labor and Public Welfare United States. Congress. Senate. Committee on Labor and Public Welfare,1965 Labour Goes to War Wendy Cuthbertson,2012 During the Second World War the Congress of Industrial Organizations in Canada grew from a handful of members to more than a quarter million and from political insignificance to a position of influence in the emergence of the welfare state What was it about the good war that brought about this phenomenal growth Labour Goes to War analyzes the organizing strategies of the CIO during the war to show that both cultural and economic forces were at work Labour shortages gave workers greater power in the workplace and increased their militancy But workers patriotism their ties to those on active service and allegiance to the people s war also contributed to the CIO s growth and to what it claimed for workers Drawing on a wealth of archival material Wendy Cuthbertson illuminates this complex wartime context She also shows how the complex often contradictory motives of workers during this period left the Canadian labour movement with an ambivalent progressive conservative legacy
