

UC Essay

What do you want UC to know about you? Here's your chance to tell us in your own words.

Directions

- You will have 8 questions to choose from. You must respond to only 4 of the 8 questions.
- Each response is limited to a maximum of 350 words.
- Which questions you choose to answer is entirely up to you. But you should select questions that are most relevant to your experience and that best reflect your individual circumstances.

Keep in mind

- All questions are equal: All are given equal consideration in the application review process, which means there is no advantage or disadvantage to choosing certain questions over others.
- There is no right or wrong way to answer these questions: It's about getting to know your personality, background, interests and achievements in your own unique voice.

Questions & guidance

Remember, the personal questions are just that — personal. Which means you should use our guidance for each question just as a suggestion in case you need help. The important thing is expressing who are you, what matters to you and what you want to share with UC.

1. Describe an example of your leadership experience in which you have positively influenced others, helped resolve disputes, or contributed to group efforts over time.

Things to consider: A leadership role can mean more than just a title. It can mean being a mentor to others, acting as the person in charge of a specific task, or a taking lead role in organizing an event or project. Think about your accomplishments and what you learned from the experience. What were your responsibilities?

Did you lead a team? How did your experience change your perspective on leading others? Did you help to resolve an important dispute at your school, church in your community or an organization? And your leadership role doesn't necessarily have to be limited to school activities. For example, do you help out or take care of your family?
