

Describe an example of your leadership experience in which you have positively influenced others, helped resolve disputes, or contributed to group efforts over time.

During the past five years, I have served as a volunteer coordinator at the AA food bank. With the experiences I had there, I have learned that leadership is vital, especially when dealing with volunteer operations. The role I had at the food bank primarily revolved around my capability to attract, and keep high quality volunteers. I also became responsible for the delegation of important tasks to the different volunteers, in an efficient and fair way. As the main contact person, I served a visible role which needed juggling of several priorities. I had to begin from scratch because there was no print whatsoever. It was a challenging position, I should say.

One of my focuses as a volunteer coordinator was to enable volunteers to select the tasks that they feel really comfortable with. As such, I made intake surveys for the volunteers, helping me to get insight into their preferences and capabilities. For instance, there was one volunteer who noted that she was amazing at organizing, enjoying tasks which involves arranging shelves, or adding some visual excitement. I eventually discovered that she used to be a merchandiser at one local gift shop. This enabled me to give her tasks which involved putting her natural talent into good use. She also appreciated the fact that I took the time to learn more about her preferences. As such, she ended up enjoying her task. The intake survey I made resulted to retention and job satisfaction.

My leadership style has eventually evolved. It came as a result of my productive experience while working at the food bank. I learned that great leadership stems from enabling each individual member of the team to shine.
