Handbook of Second Language Assessment Dina Tsagari, Jayanti Banerjee, 2016-03-07 Second language assessment is ubiquitous. It has found its way from education into questions about access to professions and migration. This volume focuses on the main debates and research advances in second language assessment in the last fifty years or so, showing the influence of linguistics, politics, philosophy, psychology, sociology, and psychometrics. There are four parts which, when taken together, address the principles and practices of second language assessment while considering its impact on society. Read separately, each part addresses a different aspect of the field. Part I deals with the conceptual foundations of second language assessment, with chapters on the purposes of assessment and standards and frameworks, as well as matters of scoring, quality assurance, and test validation. Part II addresses the theory and practice of assessing different second language skills, including aspects like intercultural competence and fluency. Part III examines the challenges and opportunities of second language assessment in a range of contexts. In addition to chapters on second language assessment on a national scale, there are chapters on learning-oriented assessment, as well as the uses of second language assessment in the workplace and for migration. Part IV examines a selection of important issues in the field that deserve attention. These include the alignment of language examinations to external frameworks, the increasing use of technology to both deliver and score second language tests, the responsibilities associated with assessing test takers with special needs, the concept of voice in second language assessment, and assessment literacy for teachers and other test and score users.

Challenges in Language Testing Around the World Betty Lantegne, Christine Coombe, James Dean Brown, 2021-02-17 This book combines insights from language assessment, literacy, and critical language testing through critical analyses and research about challenges in language assessment around the world. It investigates problematic practices in language testing which are relevant to language test users such as language program directors, testing centers, and language teachers, as well as teachers in training in Graduate Diploma and Master of Arts in Applied Linguistics programs. These issues involve aspects of language testing such as test development, test administration, scoring, and interpretation, use of test results. Chapters in this volume discuss insights about language testing policy, testing world languages, developing program-level language tests, and tests of specific language skills, and language assessment literacy. In addition, this book identifies two needs in language testing for further examination: the need for collaboration between language test developers, language test users, and language users, and the need to base language tests on real-world language use.

English for Academic Purposes Douglas E. Bell, 2024-09-10 Since its inception in the 1960s, the field of English for Academic Purposes (EAP) has enjoyed a period of almost continual expansion and growth, and now represents a multi-million-dollar industry worldwide. This book provides readers with a critical and comprehensive overview of EAP's birth, its historical development, and its ongoing trajectory, incorporating along the way the views of individuals who have played key roles in the field. It examines a wide range of crucial topics in EAP, including pedagogy

materials and assessment and the role of EAP and those who teach it within the academy The book concludes with a glimpse into the future as the author discusses the strengths weaknesses and opportunities currently facing EAP and also evaluates some of the threats posed by issues such as privatisation and generative AI
