Armed Forces' Pay Review Body forty-first report 2012 Armed Forces' Pay Review Body, 2012-03-13 This is the 41st Report by the Armed Forces Pay Review Body and provides independent advice to the Prime Minister and the Secretary of State for Defence on remuneration and charges for members of the naval military and air forces of the Crown As last year the Secretary of State for Defence directed the Review Body to confine recommendations on an overall pay uplift to those earning 21 000 or less because of the two year pay freeze imposed across the public sector The main recommendation is for an increase of 250 in military salaries for those earning 21 000 or less A number of other recommendations are made on targeted pay measures and accommodation and food charges

Aging Veterans with Disabilities Arie

Rimmerman, 2020-10-15 The number of older war veterans receiving disability benefits is steadily growing and is predicted to rise in the next decade This book provides comprehensive knowledge about health and psychosocial concerns of veterans aging with disabilities and unmet needs and compares policy in three countries that have been involved in massive warfare in the 20th century the United Kingdom UK the United States US and Israel Using a cross national comparative study of the policies legislation and services provided by these three countries which have significant numbers of aging disabled military veterans this book provides evidence based knowledge on the trajectories and attendant mental health and psychosocial problems this sub group faces when aging with a disability It sheds light on the paradox in which most veterans with disabilities in the UK USA and Israel are older while the current legislation and budget target younger veterans with disabilities The book reflects the current debate regarding the desired policy toward older veterans with disabilities in these countries and whether to provide them with proactive health services prior to retirement to prevent accelerated aging It also evaluates the dilemma of whether to serve aging veterans separately as a unique population or to provide them with the same services used by the general population This book will be of interest to all academics and students working in disability studies rehabilitation studies gerontology psychology sociology social work social policy and law more broadly

UK Defence Statistics Great Britain. Ministry of Defence,2014 HC 527 - The Armed Forces Covenant in Action Part 5: Military Casualties Great Britain. Parliament. House of Commons. Defence Committee,2014 Although Armed Forces personnel have a lower rate of criminal offending than the general population the rate for violent incidents is substantially higher particularly amongst those who have previously been deployed in combat roles and those who misuse alcohol The MoD needs to understand better the links between deployment alcohol misuse and violent behaviour especially domestic violence In particular there has been no research as to the incidence of domestic violence amongst Armed Forces personnel The Committee also found a shocking backlog in the processing of claims for War Pensions and for the Armed Forces Compensation Scheme The Committee is concerned that the demand for support from the Defence Recovery Capability already exceeds supply Veterans need more support navigating the overlapping bureaucracy of the health system Despite assurances from the MoD and the Department of Health the Committee is concerned that as operations in Afghanistan and Iraq fade from the public s mind and personnel move on to other lives the necessary long term support for those injured physically and psychologically will not be maintained The MoD in conjunction with the Health Service has introduced some measures to support veterans with mental health problems and amputees but other conditions also require this focus The MoD should monitor the results of its work and report the outcomes in its annual report on the Armed Forces Covenant

In Hard Times Manoj Joshi,Nishtha Gautam,Praveen Swami,2022-11-28 Since the mid 1990s Indian thinking on national security has been based on the assumption that the country would progress on a growth trajectory sufficient to modernise its defence capacities and thereby enable some form of parity with a rising China The reality has been otherwise China s spectacular growth and accompanying military modernisation has hugely outpaced that of India while the Indian military modernisation has moved fitfully In the

past several years budgets have committed less than 2 per cent of GDP the lowest levels since the war of 1962 for the military Even if spending were to rise to 3 per cent little funding would be available for modernisation after allowing for rising pensions salaries and other components of the budget Put simply the authors state India needs a national security strategy for hard times It would be a strategy grounded in reality India s priority has to be the raising of vast numbers of its people out of abject poverty even if the strategies of countries like China and the United States economically more developed can aim at being global powers In Hard Times is an important collection that highlights the major challenges India confronts and the ways they can be tackled especially in the light of the upheavals caused by the COVID 19 pandemic Its contributors include former military officers including Admiral Arun Prakash and Lt Gen D S Hooda whose views have helped shape discussions on strategy as well as commentators such as Dr Sanjaya Baru Experience tells us that in war it s often the smarter side that wins not the stronger one These essays point us in that direction **Insights in Occupational Health**

Case Studies on Managing Government Compensation and Employment - Institutions, Policies, and Reform Challenges International Monetary Fund,2016-12-04 This supplement presents country case studies reviewing country experiences with managing wage bill pressures which are the basis for the compensation and employment reform lessons identified in the main paper The selection of countries for the case studies reflects past studies carried out by either the IMF or the World Bank in the context of technical assistance or bilateral surveillance Table 1 These studies provide important insights into the different sources of wage bill pressures as well as the reform challenges governments have faced when

addressing these pressures over the short and medium term The studies cover 20 countries including five advanced economies six countries from sub Saharan Africa two countries in developing Asia one country in the Middle East and North Africa three countries in Latin America and the Caribbean and three countries in Central and Eastern Europe and the CIS The structure of each case study is similar with each study starting with a presentation of the institutional coverage and framework for setting and managing the wage bill a description of employment and compensation levels including their comparison with the private sector and a discussion of the challenges that motivated the need for reforms and when applicable the reforms implemented and lessons derived from these

Civil-Military Entanglements Birgitte Refslund Sørensen,Eyal Ben-Ari,2019-07-16 Military civilian encounters are multiple and diverse in our times Contributors to this volume demonstrate how military and civilian domains are constituted through entanglements undermining the classic civil military binary and manifest themselves in unexpected places and manners Moreover the essays trace out the ripples reverberations and resonations of civil military entanglements in areas not usually associated with such ties but which are nevertheless real and significant for an understanding of the roles war violence and the military play in shaping contemporary societies and the everyday life of its citizens
