Disordered World Amin Maalouf, 2012-01-01 A dazzling and ultimately hopeful exploration and analysis of our disordered and volatile post 9 11 world by one of the leading international writers and thinkers of our times Francis of Assisi Andre Vauchez, 2012-10-23 A biography of the saint as both mystic and man The single best book about Francis now available in English Commonwealth In this towering work Andre Vauchez draws on the vast body of scholarship on Francis of Assisi particularly the important research of recent decades to create a complete and engaging portrait of the saint He also explores how the memory of Francis was shaped by contemporaries who recollected him in their writings and completes the book by setting Il Poverello in the context of his time bringing to light what was new surprising and even astonishing in the life and vision of this man The first part of the book is a fascinating reconstruction of Francis's life and work The second and third parts deal with the texts hagiographies chronicles sermons personal testimonies etc of writers who recorded aspects of Francis's life and movement as they remembered them and used those remembrances to construct a portrait of Francis relevant to their concerns Finally Vauchez explores those aspects of Francis's life personality and spiritual vision that were unique to him including his experience of God his approach to nature his understanding and use of Scripture and his impact on culture as well as culture's impact on him Considered one of the great spiritual leaders of humankind Francis of Assisi was also a man of many faces and personas ascetic the founder of a religious order a romantic hero a mystic a defender of the poor a promoter of peace But as Vauchez emphasizes and this biography constantly reminds us Francis was also a flesh and blood human being A bracing erudite account of a mystic's life Booklist *Religious Minorities in the Middle East* Anh Nga Longva, Anne Sofie Roald, 2011-11-11 Focusing on the situation of both Muslim and non Muslim religious minorities in the Middle East this volume offers an analysis of various strategies of resilience and accommodation from a historical as well as a contemporary perspective State of the Wild 2010-2011 Eva Fearn, 2012-06-22 State of the Wild is a biennial series that brings together international conservation experts and writers to discuss emerging issues in the conservation of wildlife and wild places In addition to evocative writings and a fascinating tour of conservation news highlights and vital statistics from around the world this 2010 2011 edition examines how destabilization and war affect wildlife and wild places State of the Wild's accessible approach educates a wide range of audiences while at the same time presenting leading edge scientific overviews of hot topics in conservation Uniquely structured with magazine like features up front conservation news in the middle and essays from eminent authors and experienced scientists throughout this landmark series is an essential addition to any environmental bookshelf *Understanding Political Islam* François Burgat, 2019-12-20 Understanding Political Islam

retraces the human and intellectual development that led François Burgat to a very firm conviction that the roots of the tensions that afflict the Western world's relationship with the Muslim world are political rather than ideological. In his compelling account of the interactions between personal life history and professional research trajectories, Burgat examines how the rise of political Islam has been expressed first in the Arab world then in its interactions with European and Western societies. An essential continuation of his work on Islamism, Burgat's unique field research and political trespassing marks an overdue challenge to the academic mainstream. **Just Peace** Semegnish Asfaw, Alexios Chehadeh, Marian Gh. Simion, 2012-01-01

Despite their largely pacifist origins, Christianity and Christian traditions can claim only limited success in their efforts to conciliate conflict, avoid violence, and stop war. Perhaps it is time, say the eminent contributors to this deeply reflective volume, to look at Eastern and Oriental traditions to the very different perspectives of Orthodox Christians on issues of war, peace, and the justice that must undergird peace. Writing from Europe and Russia as well as the Middle East and Asia, two dozen Orthodox theologians and church people cast the classic dilemmas of war and peace, military service, just war, and religious nationalism into a deeper theological framework. Contents include historical characterizations of Orthodox in a variety of settings and nations: Greece, Oriental Christianity, Bulgaria, Armenia, Western Europe, etc.; dilemmas of nationalism for the churches; the invasion of Iraq; globalization; fundamentalisms; interreligious tensions; the ecclesial vocation of peacemaking. **PART ONE: Orthodox Peace Ethics in Eastern and Oriental Christianity** **PART TWO: Orthodox Contribution to a Theology of Just Peace: Developing the Principles of Just Peace** Semegnish Asfaw is Research Associate in the World Council of Churches program The Decade to Overcome Violence. Alexios Chehadeh is Exarchos of the Antiochian Church and the Institute for Theology and Peace, Hamburg, Germany. Marian Gh. Simion is Associate Director of the Boston Theological Institute and founder of the Institute for Peace Studies in Eastern Christianity, Boston. **0.03%!** Pierre

Micheletti, 2021-07-19 0.03% Pour une transformation du mouvement humanitaire international. English version. This book examines the humanitarian movement, its history, its actors, the difficulties that are part and parcel of its deployment in complex environments, as well as the international relations in which it is the David alongside the Goliath states facing it. The author aims to analyse how the nature of today's wars and the actors in them differ from those seen by Henry Dunant, founder of the International Red Cross, and from those that prevailed in 1945 when the United Nations was created. Once the challenges impeding the major NGOs' ability to intervene in armed conflict zones have been highlighted, this book will suggest ways the situation might be transformed so that the main pitfalls can be avoided and humanitarians can continue their crucial work in a safe and ethical manner. **ABOUT THE AUTHOR** Pierre Micheletti is a doctor and a graduate of the cole des hautes tudes en sant publique, prestigious school of public health. He first worked abroad in 1985. In 1987 he joined Mdecins du Monde as head of mission in Guatemala. He was appointed director of programmes in 1996 and was elected president in 2006, a position he held until 2009. Innovation in Islam Mehran Kamrava, 2011-04-18 In a clear and historically incisive argument Kamrava and the other contributors indicate how the Islamic concept of innovation Arabic bid'a is an essentially contested and adaptive concept Since the time of the Prophet Muhammad Muslims have vigorously argued about its meaning and how to apply it This incisive collection of essays range far beyond the confines of theology and jurisprudence integrating ideological concerns with the exigencies of mundane ones as well as crossing the sectarian divide of Sunni and Shia Dale Eickelman author of Muslim Politics The economic and political underdevelopment of the Islamic world is commonly attributed to conservatism rooted in Islam This splendid collection of provocative essays addresses the issue from several different perspectives and in various contexts Collectively the essays provide a broad introduction to the topic of innovation in Islam both through what they teach and what they invite the reader to pursue Timur Kuran author of The Long Divergence How Islamic Law Held Back the Middle East Muhammad brought new ideas and practices to the monotheistic tradition but Muslim scholars interpreting the Qur'an and ahadith sought to squelch ideas that smacked of innovation Such is the conventional wisdom But Mehran Kamrava leads a stable of distinguished scholars in demonstrating persuasively that innovation has never ceased to mark the Islamic tradition Indeed the greatest modern innovators may be those Islamists who denounce innovation These powerful essays overwhelm the conventional wisdom Robert D Lee author of Religion and Politics in the Middle East Identity Ideology Institutions and Attitudes
