Un Italiano in America Adolfo Rossi, 1894 **Bulletin** Massachusetts Library Club, 1911 The Massachusetts Library Club Bulletin , 1911 *Bulletin* Massachusetts Library Association, 1912 **New York Libraries** , 1909 New York Libraries. a Quarterly Devoted to the Interests of the Libraries of the State , 1911 **Enemies Within** María Sierra, 2015-11-25 Can citizenship rights be denied to significant groups in a society that regards itself as civilized and self governing Is it possible to exclude such people in the name of freedom and reason Is it plausible to explain classifications that differentiate between first and second class citizens as natural This is the paradox inherent in modern politics born of the revolutions that ended the Ancien R gime in the western world Throughout the nineteenth century and at the beginning of the twentieth liberalism inspired a representative form of government that appealed to citizenship yet marginalized many social groups including natives women immigrants workers slaves and nomads In the Hispanic dimension of the Atlantic world that this book deals with modern politics was based on exclusions explained as natural and necessary In both Europe and America a distinction was made between the responsible citizen and those others in society potential enemies within who had to be controlled and supervised This book explains the success of this political operation by analysing the historical construction of figures of alterity that were fundamental to the definition of national civic identities Its basic premise is that imaginaries that were constructed in the nineteenth century can be found even today in western political conceptions The cultural complexity of enduring political images is revealed by exploring the inner workings of virtuous figures in relation to their opposites readers will find the mosaic of representations of civic alterity both recognisable and surprising The contributors to this volume provide historical perspectives on the debate on political legitimacy in open societies Reinventing democracies involves understanding the historicity of inherited formulae of governance and considering them therefore as amenable to improvement The readiness to do this is not a threat to democracy but rather a commitment to looking for it
