Un Report Violence Against Women

Hitoshi Nasu, Kim Rubenstein

Un Report Violence Against Women:

Violence against Women under International Human Rights Law Alice Edwards, 2010-12-23 Since the mid 1990s increasing international attention has been paid to the issue of violence against women However there is still no explicit international human rights treaty prohibition on violence against women and the issue remains poorly defined and understood under international human rights law Drawing on feminist theories of international law and human rights this critical examination of the United Nations legal approaches to violence against women analyses the merits of strategies which incorporate women s concerns of violence within existing human rights norms such as equality norms the right to life and the prohibition against torture Although feminist strategies of inclusion have been necessary as well as symbolically powerful for women the book argues that they also carry their own problems and limitations prevent a more radical transformation of the human rights system and ultimately reinforce the unequal position of women under international law

Reporting on violence against women and girls UNESCO, Impe, Anne-Marie, 2019-12-31 **The Concept and Measurement of Violence Against Women and Men** Sylvia Walby, Jude Towers, Susan Balderston, Consuelo Corradi, Brian Francis, Markku Heiskanen, Karin Helweg-Larsen, Lut Mergaert, Phillipa Olive, Emma Palmer, Heidi Stöckl, Sofia Strid, 2017-02-14 Available Open Access under CC BY NC licence The extent of violence against women is currently hidden How should violence be measured How should research and new ways of thinking about violence improve its measurement Could improved measurement change policy The book is a guide to how the measurement of violence can be best achieved It shows how to make femicide rape domestic violence and FGM visible in official statistics It offers practical guidance on definitions indicators and coordination mechanisms It reflects on theoretical debates on what is gender what is violence and the concept of coercive control and introduces the concept of gender saturated context Analysing the socially constructed nature of statistics and the links between knowledge and power it sets new standards and guidelines to influence the measurement of violence in the coming decades **Erotic Justice** Ratna Kapur, 2013-03-04 Chapter 1 Introduction chapter 2 New Cosmologies Mapping the Postcolonial Feminist Legal Project chapter Liberal internationalism and the capabilities approach chapter 3 Erotic Disruptions Legal Narratives of Culture Sex and Nation in India chapter Narratives of culture sex nation chapter The Bandit Queen chapter Homosexuality chapter 4 The Tragedy of Victimisation Rhetoric Resurrecting the Native Subject in International Postcolonial Feminist Legal Politics chapter Cultural essentialism chapter Death by culture chapter 5 The Other Side of Universality Cross Border Movements and the Transnational Migrant Subject chapter Colonial subjects and the meaning of universality chapter The Other in the contemporary moment chapter b Equating migration with trafficking *Violence Against Women and the Law* David L Richards, Jillienne Haglund, 2015-11-17 This book examines the strength of laws addressing four types of violence against women rape marital rape domestic violence and sexual harassment in 196 countries from 2007 to 2010 It analyzes why these laws exist in some places and not others and why they are stronger

or weaker in places where they do exist The authors have compiled original data that allow them to test various hypotheses related to whether international law drives the enactment of domestic legal protections They also examine the ways in which these legal protections are related to economic political and social institutions and how transnational society affects the presence and strength of these laws The original data produced for this book make a major contribution to comparisons and analyses of gender violence and law worldwide

Ending Violence Against Women Daniela Rosche ,2013 United Nations System Efforts to Address Violence Against Women Luisa Blanchfield,2012-10-12

Violence against Women Gordana Gasmi,2025-03-15 Violence Against Women International Legal Standards and Trends delves into the international legal framework s successes and failures in addressing gender based violence around the globe Gordana Gasmi examines how international legal standards and principles enshrined in universal and regional instruments have influenced the implementation of measures to combat violence against women While the book addresses shortcomings it also shines light on the positive transformative capacity of these standards as evidenced by relevant case law and the practices of international courts and monitoring bodies Underscoring the need to recognize the severe consequences of violence against women and the importance of promoting gender equality through legal mechanisms this book is a valuable resource for scholars academic libraries experts from NGOs legal professionals and anyone interested in understanding the global challenges and legal responses to this pressing issue

Human Rights of Women Rebecca J. Cook,2012-03-10 Rebecca J Cook and the contributors to this volume seek to analyze how international human rights law applies specifically to women in various cultures worldwide and to develop strategies to promote equitable application of human rights law at the international regional and domestic levels Their essays present a compelling mixture of reports and case studies from various regions in the world combined with scholarly assessments of international law as these rights specifically apply to women

The Legal Protection of Women From Violence Rashida Manjoo,Jackie Jones,2018-03-22 Violence against women remains one of the most pervasive human rights violations in the world today and it permeates every society at every level Such violence is considered a systemic widespread and pervasive human rights violation experienced largely by women because they are women Yet at the international level there is a gap in the legal protection of women from violence There is currently no binding international convention that explicitly prohibits such violence or calls for its elimination or mandates the criminalisation of all forms of violence against women This book critically analyses the treatment of violence against women in the United Nations system and in three regional human rights systems Each chapter explores the advantages and disadvantages coming from the legal instruments the work of the monitoring systems and the resulting findings and jurisprudence The book proposes that the gap needs to be addressed through a new United Nations Convention on the Elimination of All Forms of Violence against Women or alternatively an Optional Protocol to the Convention on the Elimination of all Forms of Discrimination against Women A new Convention or Optional Protocol would be part of the

transformative agenda that is needed to normatively address the promotion of a life free of violence for women the responsibility of states to act with due diligence in the elimination of all forms of violence against all women and the systemic challenges that are the causes and consequences of such violence

Intersectionality in the Human Rights Legal Framework on Violence against Women Lorena Sosa, 2017-10-26 This book theoretically explores intersectionality within human rights norms on violence against women and the derived duties for States

Equality and Non-Discrimination under International Law Stephanie Farrior, 2017-07-05 The principles of equality and non discrimination lie at the heart of international human rights law They are the only human rights explicitly included in the UN Charter and they appear at the beginning of virtually every major human rights instrument This volume contains selected works by leading authors on the subject of equality and non discrimination under international law The selections are grouped into four sections The first presents essays that explore theoretical concepts of equality and non discrimination The next addresses the development of international legal standards on the subject The third presents articles analyzing how those standards have been interpreted and applied by UN and regional human rights bodies and the last contains works on what measures besides legal action States are to take to in order to achieve equality and non discrimination

Hashtag Activism and Women's Rights Reilly Anne Dempsey Willis, 2025-02-11 With over five billion internet users globally it is crucial to understand social media activism and legal change for women and girls This insightful book examines the impact of international Twitter now X campaigns on domestic laws affecting women and girls Exploring the complexities of legal change for women and girls across seven countries from Latin America to Middle East and Africa the book offers empirical insights into the effectiveness of hashtag advocacy and sheds light on the role of social media in shaping different outcomes This is a key resource for understanding the dynamics driving social media activism and its potential impact on the rights of women and girls worldwide

Creating Human Rights Lisa S. Alfredson, 2013-03-26 Selected by Choice magazine as an Outstanding Academic Title Creating Human Rights offers the first systematic study of a pioneering women s refugee movement and its challenge as an international trigger case to more conventional paths toward human rights policy development Lisa S Alfredson argues that such cases which unfold in the context of a specific country and have profound impacts on international human rights efforts have been neglected in research and pose a challenge to recent theorizing on human rights change In the early 1990s Canada witnessed the emergence of the world s first comprehensive refugee policy for women who were seeking protection from female specific forms of violence rape domestic abuse public stoning of adulterers genital mutilation while challenging a gender biased system Close examination of this novel movement Alfredson contends provides crucial insights into why and how states may articulate new human rights that set international precedents Analyzing original empirical data and sociopolitical historical trends the book documents the decisive global impacts of the movement while shedding light on the paradox of noncitizen politics and asylum seekers little recognized political strength Contrary to expectation findings suggest

transnational networks and pressures are not required for some forms of change Rather international trigger cases illuminate a range of other key actors and advocacy strategies leading subsequently to a more comprehensive understanding of human rights acceptance In the case of the women s refugee movement the convergence of human rights and noncitizen politics points toward a new dimension for human rights scholarship that in the current age of globalization is becoming critically important

Sex and International Tribunals Chiseche Salome Mibenge, 2013-07-26 Before the twenty first century there was little legal precedent for the prosecution of sexual violence as a war crime Now international tribunals have the potential to help make sense of political violence against both men and women they have the power to uphold victims claims and to convict the leaders and choreographers of systematic atrocity However by privileging certain accounts of violence over others tribunals more often confirm outmoded gender norms consigning women to permanent rape victim status In *Sex and International Tribunals* Chiseche Salome Mibenge identifies the cultural assumptions behind the legal profession s claims to impartiality and universality Focusing on the postwar tribunals in Rwanda and Sierra Leone Mibenge mines the transcripts of local and supranational criminal trials and truth and reconciliation commissions in order to identify and closely examine legal definitions of forced marriage sexual enslavement and the conscription of children that overlook the gendered experiences of armed conflict beyond the mass rape of women and girls In many cases a single rape conviction constitutes sufficient proof that gender based violence has been mainstreamed into the prosecution of war crimes Drawing on anthropological research in African conflicts and feminist theory Mibenge challenges legal narratives that reinscribe essentialized notions of gender in the conduct and resolution of violent conflict and uncovers the suppressed testimonies of men and women who are unwilling or unable to recite the legal scripts that would elevate them to the status of victimhood recognized by an international and humanitarian audience At a moment when international intervention in conflicts is increasingly an option *Sex and International Tribunals* points the way to a more nuanced and just response from courts

Preventing and Combating Violence Against Women and Domestic Violence Sara De Vido, Micaela Frulli, 2023-12-11 This Commentary provides the first comprehensive analysis of the Council of Europe CoE Convention on preventing and combating violence against women and domestic violence the Istanbul Convention It offers a complete article by article guide to the Convention with reference to the explanatory report the findings of the monitoring body GREVIO and relevant State practice

Legal Perspectives on Security Institutions Hitoshi Nasu, Kim Rubenstein, 2015-07-24 Due to the continuing expansion of the notion of security various national regional and international institutions now find themselves addressing contemporary security issues While institutions may evolve by adjusting themselves to new challenges they can also fundamentally alter the intricate balance between security and current legal frameworks This volume explores the tensions that occur when institutions address contemporary security threats in both public and international law contexts As part of the *Connecting International with Public Law* series it provides important and valuable insights into the legal issues and

perspectives which surround the institutional responses to contemporary security challenges It is essential reading for scholars practitioners and policy makers seeking to understand the legal significance of security institutions and the implications of their evolution on the rule of law and legitimacy **Judicial Bench Book on Violence Against Women in Commonwealth East Africa** Commonwealth Secretariat,2017-01-09 The Judicial Bench Book on Violence Against Women in Commonwealth East Africa situates VAW in Kenya Rwanda Tanzania and Uganda By placing VAW within the socio cultural and legal context of the region the bench book will enhance the ability of judicial officers to handle cases of VAW both within a human rights as well as a gender perspective **Violence against Women of African Descent** Anita

Kalunta-Crumpton,2019-10-11 Africa as a continent which holds strong to its patriarchal cultural principles and practices is known for its blatant display of violent abuse of women including state sanctioned violence and its lax approach to national legislative policies and international treaties against violence against women Using data from Africa the Americas Australia and Europe this edited collection showcases a variety of experiences and perspectives in the international comparative study of violence against women of African ancestry This approach provides the context for examining the problem of violence against women including its policy and practice responses if any as it impacts women of African origin in different parts of the world This book is of value to those interested in African studies criminology gender studies sociology and many more

Criminalising Peacekeepers Melanie O'Brien,2017-11-23 This book examines Australia s and the United States ability to prosecute their peacekeepers for sexual exploitation and abuse The United Nations has too long been plagued by sexual exploitation and abuse in some of the world s most vulnerable communities Discussion within United Nations reporting and academic scholarship focuses on policy however a significant concern outlined here is that peacekeepers are committing sexual offences with impunity despite exclusive criminal jurisdiction over peacekeepers being granted to their sending states In this original study O'Brien provides an in depth feminist analysis of US and Australian sexual offending law and jurisdiction over their military and military civilian peacekeepers Based on timely critical analysis this book demonstrates the limitations states face in ensuring accountability for sexual exploitation and abuse by peacekeepers a factor which directly contributes to ongoing commission of and impunity for such offences Calling for a rights based transnational law response to these crimes this engaging and thought provoking work will appeal to international practitioners governments UN policy makers and scholars of international military and criminal law
