Zodiac Pi Vol 1 Zodiac Pi 1 Natsumi Ando:

Zodiac P.I. Volume 1 Natsumi Ando, 2003-07-08 Lili is a teenager who can foretell the future and she transforms into Detective Spica and solve crimes and tracks down criminals *Young Adult Resources Today* Don Latham, Melissa Gross, 2014-05-21 *Young Adult Resources Today* Connecting Teens with Books Music Games Movies and More is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail; instead books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in integrating theory, research, and practice; integrating implications for practice throughout the book; integrating knowledge of resources with professional practice as informed by research; integrating both print and electronic formats throughout within the resource chapters including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres, movies, magazines, web sites, social media, and gaming. The final chapter covers navigating information landscapes focusing on real and virtual YA spaces, readers advisory programming, and collaboration. Special attention is paid to program planning and evaluation. Zodiac P.I. Volume 2 Natsumi Ando, 2003-09-09 Lili uses horoscopes and astrology to help solve crimes. Mamotte! Lollipop Michiyo Kikuta, 2007 When two cute boys, wizards who have come to the Human World to take a magic exam, fall from the sky in order to protect Nina from rival wizards, she is sure that one of them is the boy of her dreams. **Children's Books in Print, 2007**, 2006 **Mostly Manga** Elizabeth F.S. Kalen, 2012-01-05 Appropriate for any public library collection, this book provides a comprehensive readers advisory guide for Japanese manga and anime, Korean manhwa, and Chinese manhua. Japanese manga and anime, Korean manhwa, and Chinese manhua are Asian graphic novels and animated films that have gained great popularity in the last ten years and now are found in most public library collections. **Mostly Manga: A Genre Guide to Popular Manga, Manhwa, Manhua, and Anime** is the first readers advisory guide to focus on this important body of literature. This guide provides information on all of the major manga and anime formats and genres, covering publications from the early 1990s to the present. It identifies important titles historically and provides a broad representation of what is available in each format. Selected major titles are described in detail, covering the general plot as well as grade level and pertinent awards. The author also discusses common issues related to manga and anime, such as terminology, content, and ratings and censorship. **My Heavenly Hockey Club** Ai Morinaga, 2007 During the hockey club's camping trip, Hana and Takashi, her worst enemy, become lost in the jungle and
