Ufs University 2016 Brochure

Mukerji, Siran, Tripathi, Purnendu

Ufs University 2016 Brochure:

Open Learning as a Means of Advancing Social Justice Tabisa Mayisela, Shanali Govender, 2024-01-23 This volume investigates the uptake of open learning in South African Technical Vocational Education and Training TVET colleges and higher education institutions Comprised of 16 studies focused on activities at a range of colleges and universities across the country these chapters aim to promote a better understanding of open learning practices across the Post School Education and Training PSET sector including issues such as recognition of prior learning access for students with disabilities work integrated learning professional development novel student funding mechanisms leadership for open educational practices institutional culture student support blended and online learning flexible learning online assessment open educational resource development models and funding and micro credentials This collection of peer reviewed chapters contributes to understanding the ways in which South African PSET institutions and educators are interpreting open learning as a means of advancing social justice It includes a historical and contemporary understanding of the economic cultural and political obstacles facing PSET drawing on Nancy Fraser s theory of social justice as participatory parity to better understand the ways in which open learning may address systemic social injustices in order to allow South African students and educators to thrive This volume emerges from research conducted by the Cases on Open Learning COOL project an initiative by the Department of Higher Education and Training in partnership with the Centre for Innovation in Learning and Teaching CILT at the University of Cape Town UCT in South Africa

Challenging the Apartheids of Knowledge in Higher Education through Social Innovation Joana Bezerra, Craig Paterson, Sharli Paphitis, 2021-05-12 In order to understand the relationship between social innovation and the reimagining of the knowledge economy necessary to reorient higher education most fully towards the public good we must draw from the experiences of those working on the front lines of change This collection represents diverse voices and disciplines drawing together the critical reflections of academics students and community partners from across South Africa The book seeks to bring together theoretical and practical lessons about how research methods can be used in socially innovative ways to challenge the apartheid of knowledge in higher education and to promote the democratization of the knowledge economy

Handbook of Research on Administration, Policy, and Leadership in Higher Education Mukerji, Siran, Tripathi, Purnendu, 2016-09-27 The creation of a sustainable and accessible higher education systems is a pivotal goal in modern society Adopting strategic frameworks and innovative techniques allows institutions to achieve this objective The Handbook of Research on Administration Policy and Leadership in Higher Education is an authoritative reference source for the latest scholarly research on contemporary management issues in educational institutions and presents best practices to improve policies and retain effective governance Addressing the current state of higher education at an international level this book is ideally designed for academicians educational administrators researchers and professionals

Afterimages of Apartheid Kylie Thomas, 2025-10-29 Afterimages of

Apartheid shows how photographs of the past can be mobilised as a critical tool for understanding the ongoing effects of apartheid in contemporary South Africa Through close readings of significant images made during and after apartheid the book shows how photography works as a means of documentation commemoration and resistance Written by one of South Africa's leading scholars of visual history the book considers the ways in which photographs can be used to contest impunity for state violence Afterimages includes chapters on the Sharpeville and Marikana massacres on the re opening of cases of human rights violations that remain unresolved in the aftermath of the South African Truth and Reconciliation Commission and on contemporary protests against the post apartheid state The book makes a powerful case for the role of photographs in drawing the viewer into the past time they represent issuing a call to the living to remember respond and react This vivid account of the photography of apartheid will be of interest to students and researchers across the fields of South African history visual studies memory studies art history photography studies and transitional justice

Redefining Education and Development Kaitano Dube, 2024-10-18 The book aligns with the United Nations Sustainable Development Goals (SDGs) particularly Goal 4 which focuses on quality education It explores the evolving role of education as a critical driver for achieving all 17 SDGs by providing a platform for discussing innovative educational models and theories that foster sustainable development The book takes an interdisciplinary approach merging educational theory developmental practice and human psychology to address complex global challenges hindering sustainable development The book includes case studies and empirical research such as exploring student entrepreneurship in the agricultural sector and the factors bridging the gap between entrepreneurial intention and venture creation These examples provide readers with practical applications of theoretical concepts and demonstrate the real world impact of educational innovations which is at the core of education delivery for all and how education touches on other areas of the SDGs The book offers valuable insights for policymakers educators and development practitioners by presenting research and theory based analyses It suggests ways to improve the academic environment to foster entrepreneurship and innovation which are key to economic development and job creation especially in regions with high youth unemployment rates The content suggests educational reforms that are responsive to the changing societal and economic landscapes The book's blend of theory and practice targets a broad audience including academic scholars students development agencies non governmental organisations and policymakers It seeks to engage these diverse readers in a conversation about the future of education and its role in achieving sustainable development In summary the book seeks to provide a comprehensive exploration of the nexus between education development and human needs in the context of the SDGs offering innovative perspectives and practical solutions to equip readers to contribute to sustainable global development

Contemporary Art and Feminism Jacqueline Millner, Catriona Moore, 2021-07-05 This important new book examines contemporary art while foregrounding the key role feminism has played in enabling current modes of artmaking spectatorship and theoretical discourse Contemporary Art and Feminism carefully outlines the links

between feminist theory and practice of the past four decades of contemporary art and offers a radical re reading of the contemporary movement Rather than focus on filling in the gaps of accepted histories by adding the missing female queer First Nations and women artists of colour the authors seek to revise broader understandings of contemporary practice by providing case studies contextualised in a robust art historical and theoretical basis Readers are encouraged to see where art ideas come from and evaluate past and present art strategies What strategies materials or tropes are less relevant in today s networked event driven art economies What strategies and themes should we keep hold of or develop in new ways This is a significant and innovative intervention that is ideal for students in courses on contemporary art within fine arts visual studies history of art gender studies and queer studies

From Memory to Marble Elizabeth Rankin,Rolf Michael Schneider,2020-09-07 For the first time the 92 metre frieze of the Voortrekker Monument in Pretoria one of the largest historical narratives in marble has been made the subject of a book The pictorial narrative of the Boer pioneers who conquered South Africa s interior during the Great Trek 1835 52 represents a crucial period of South Africa s past Conceptualising the frieze both reflected on and contributed to the country s socio political debates in the 1930s and 1940s when it was made The book considers the active role the Monument played in the rise of Afrikaner nationalism and the development of apartheid as well as its place in post apartheid heritage The frieze is unique in that it provides rare evidence of the complex processes followed in creating a major monument Based on unpublished documents drawings and models these processes are unfolded step by step from the earliest discussions of the purpose and content of the frieze through all the stages of its design to its shipping to post war Italy to be copied into marble from Monte Altissimo up to its final installation in the Monument The book examines how visual representation transforms historical memory in what it chooses to recount and the forms in which it is depicted The second volume expands on the first by investigating each of the twenty seven scenes of the frieze in depth providing new insights into not only the frieze but also South Africa s history Fran ois van Schalkwyk of African Minds co publisher with De Gruyter writes From Memory to Marble is an open access monograph in the true sense of the word Both volumes of the digital version of the book are available in full and free of charge from the date of publication This approach to publishing democratises access to the latest scholarly publications across the globe At the same time a book such as From Memory to Marble with its unique and exquisite photographs of the frieze as well as its wealth of reproduced archival materials demands reception of a more traditional kind that is on the printed page For this reason the book is likewise available in print as two separate volumes The printed and digital books should not be seen as separate incarnations each brings its own advantages working together to extend the reach and utility of From Memory to Marble to a range of interested readers For more material you can browse at Stanford s database Voortrekker Monumentality a digital archive

Food Industry Wastes Maria R. Kosseva,Colin Webb,2020-08-02 Food Industry Wastes Assessment and Recuperation of Commodities Second Edition presents a multidisciplinary view of the latest scientific and economic

approaches to food waste management novel technologies and treatment their evaluation and assessment It evaluates and synthesizes knowledge in the areas of food waste management processing technologies environmental assessment and wastewater cleaning Containing numerous case studies this book presents food waste valorization via emerging chemical physical and biological methods developed for treatment and product recovery This new edition addresses not only recycling trends but also innovative strategies for food waste prevention The economic assessments of food waste prevention efforts in different countries are also explored This book illustrates the emerging environmental technologies that are suitable for the development of both sustainability of the food systems and a sustainable economy So this volume is a valuable resource for students and professionals including food scientists bio process engineers waste managers environmental scientists policymakers and food chain supervisors Provides guidance on current regulations for food process waste and disposal practices Highlights novel developments needed in policy making for the reduction of food waste Raises awareness of the sustainable food waste management techniques and their appraisal through Life Cycle Assessment Explores options for reducing food loss and waste along the entire food supply chain
